REGULAR SESSION:

1:00PM

INTRODUCTION OF GUESTS AND PUBLIC

- I. **PUBLIC COMMENT** (Members of the public may address the Board of Directors on any matter not on the agenda, but absent extraordinary circumstances, the Board may not act on such matters. Members of the public may address items of interest that are listed on the agenda prior to the Board's decision on such items.)
- II. **CONSENT CALENDAR** (The Board will consider various non-controversial routine items and issues relating to matters which are of interest to the District. Any Board Member may request that any or all items be considered and acted upon independently of the others.)
- A. Approval of Minutes from the Regular Board Meeting of September 16, 2025.
 - B. Approval of September/October District Construction and Water Banking Project(s) Disbursements.
 - C. Approval of September/October District Disbursements.
- III. **BUSINESS AND FINANCE** (The Board will consider various items and issues relating to financial matters which are of interest to the District.)
- A. Business & Finance Committee Report – October 16, 2025.
 - i. Approval of September 2025 Financial Reports.
 - ii. Quarterly Investment Review.
 - iii. Review and Approval of Audit Services Proposal with Brown Armstrong
 - iv. District 457 Plan Document Update.

- IV. OPERATIONS AND PROJECTS** (The Board will consider various items and issues relating to matters which have been, or will be, considered by committees of the Board and which are of interest to the District.)
- A. Operations and Projects Committee Report – October 7, 2025.
 - i. District Encroachment Permit Report.
 - ii. District Facility and Banking Maintenance Report.
 - iii. Pending Development Projects.
 - iv. Sunset Groundwater Banking Project Update.
 - v. Shop Remodel Project Update – Review of Project Estimate.
 - vi. Kern Island at 30th Street Trash Screen Replacement Project Update.
 - B. Review and Approval of Agreement with UCI Construction, Inc. for Concrete Liner Project - Eastside Canal at DiGiorgio Weir, in an amount not to exceed \$194,167 (Recommended for approval by the Operations and Projects Committee).
- V. WATER RESOURCES REPORT** (The Board will consider various items and issues relating to the Kern River of interest to the District.)
- A. District Watermaster Report.
 - i. State Water Project – 2025 SWP Allocation 50%.
 - ii. Kern River Runoff April – July 73%
 - iii. Water Management Update.
 - B. Kern River Watermaster Report.
 - C. District Groundwater Manager Report.
- VI. MANAGER'S REPORT** (The General Manager will discuss, and the Board will consider various items and issues relating to the ongoing and future operations of the District which are of interest to the Board)
- A. Verbal.
 - i. SGMA Update – SWRCB September 17, 2025 Kern Subbasin Hearing Recap/Next Steps.
 - ii. WAKC Annual Dinner – November 5, 2025.
 - B. External Agency Report.
 - i. KCWA Letter – Annexation No. 3 Approval.
 - C. Water Banking Projects Report.
- VII. ATTORNEY'S REPORT** (Legal Counsel will discuss, and the Board will consider items and issues of legal interest to the District.)
- A. VAWC Legislative Update
- VIII. BOARD MEMBER COMMENTS** (This item provides Board Members with an opportunity to make announcements or provide general comments.)
- IX. ADJOURN**

Requests for disability related modifications or accommodations, including auxiliary aids or services may be made by telephoning or contacting Madelyne Rodriguez at the District Office (661-834-4656). Please attempt to make such requests known at least 24 hours before the scheduled meeting. Pursuant to Government Code section 54957.5, any materials relating to an open session item on this agenda, distributed to the Board of Directors after the distribution of the agenda packet, will be made available for public inspection at the time of distribution at the District, 501 Taft Highway, Bakersfield, CA.

Tab II

To: Kern Delta Water District Board of Directors

From: Steven Teglia – General Manager

Date: October 21, 2025

Re: Agenda Item II – Consent Calendar

RECOMMENDATION:

Approve items A through C listed under Agenda Item II – Consent Calendar.

DISCUSSION:

Consent Calendar items are non-controversial routine matters. Board Members may request that any or all items listed under the Consent Calendar be moved to the regular agenda to be discussed and voted on separately. Otherwise, all items will be approved through one motion and vote.

II A. Approval of Minutes from the Regular Board Meeting of September 16, 2025 (attached).

II B. Approval of September/October District Construction and Water Banking Project(s) Disbursements totaling \$98,863.79* (attached), partially recommended for approval by the Operations and Projects Committee (*see October 7, 2025 Operations and Projects Committee Minutes for additional detail*).

II C. Approval of September/October District Disbursements (attached).

**The total includes disbursements approved by the Operations and Projects Committee (\$17,611.78) and an additional amount (\$81,252.01) for invoices which came in after October 7, 2025 and were subsequently recommended for approval by the Business and Finance Committee on October 16, 2025.*

MINUTES OF THE REGULAR MEETING OF THE BOARD OF DIRECTORS

September 16, 2025

Tuesday, September 16, 2025, 12:03PM– 3:02PM

DIRECTORS PRESENT: Mendonca, Antongiovanni, Tillema, Garone, Spitzer, Fanucchi, Kaiser, and Borba.

DIRECTORS ABSENT: Palla.

STAFF PRESENT: General Manager Teglia, Assistant General Manager Bellue, General Counsel Iger, Controller Duncan, Hydrographer Hyatt, and Groundwater Manager Marquez.

OTHERS PRESENT: Tomo Kumahira.

CLOSED SESSION DECLARED AT 12:03PM

Vice President Mendonca called to order the Closed Session of the Kern Delta Board of Directors at 12:03PM regarding the following agenda items:

A. Conference with Legal Counsel – Existing Litigation – Closed Session Pursuant to Gov. Code § 54956.9(d)(1):

1. SWRCB Kern River.
2. Rosedale Rio Bravo Water Storage District, et al. v. Kern County Water Agency, et al. (CVC).
3. Kern Delta Water District et al. v. Rosedale Rio Bravo Water Storage District et al. (Onyx Ranch CEQA).
4. Rosedale Rio Bravo Water Storage District v. Buena Vista Water Storage District, et al. (Onyx Ranch Water Rights).
5. Bring Back the Kern, et al. v. City of Bakersfield, et al.
6. Sierra Club v. California Department of Water Resources (Delta Conveyance Project Validation).

B. Conference with Legal Counsel – Potential Litigation – Closed Session Pursuant to Gov. Code § 54956.9(d)(2),(e)(1):

1. One Matter.

Closed Session concluded at 1:27PM.

REGULAR SESSION DECLARED AT 1:32PM

Vice President Mendonca called to order the Regular Session of the Kern Delta Board of Directors at 1:32PM.

Closed Session Report: District General Counsel Iger reported the following:

Item A: No reportable action.

Item B: No reportable action.

INTRODUCTION OF GUESTS AND PUBLIC

Those listed as others present were introduced.

I. PUBLIC COMMENT

None.

II. CONSENT CALENDAR

M/S/C (Fanucchi/Kaiser) (yes-8, no-0): By unanimous vote, with President Palla absent, the Board approved and authorized items II A through II C of the Consent Calendar.

- A. Approval of Minutes from the Regular Board Meeting of September 2, 2025.
- B. Approval of August/September District Construction and Water Banking Project(s) Disbursements.
- C. Approval of August/September District Disbursements.

III. BUSINESS AND FINANCE

A. Business & Finance Committee Report – September 11, 2025: District Controller Duncan provided a report from the September Business & Finance Committee Meeting.

A(i). Approval of August 2025 Financial Reports: Mr. Duncan presented the August District and Water Banking Project(s) Financial Statements, Treasurer's Reports, and District Delinquency Report.

M/S/C (Antongiovanni/Kaiser) (yes-8, no-0): By unanimous vote, with President Palla absent, the Board approved the August District and Water Banking Project(s) Financial Statements, Treasurer's Reports, and Delinquency Report as presented.

A(ii). Authorization to Participate in the California Asset Management Program (CAMP): General Manager Teglia provided a brief presentation regarding the California Asset Management Program (CAMP), a Joint Powers Authority established in 1989 to provide California public agencies with professional investment services. Mr. Teglia informed the Board that staff and the Business & Finance Committee were recommending the Board authorize the District to participate in CAMP as an investor. Staff further verified that investment in CAMP is authorized by, and consistent with, the District's Investment Policy.

M/S/C (Garone/Antongiovanni) (yes-8, no-0): By unanimous vote, with President Palla absent, the Board authorized staff to take the necessary steps for the District to join CAMP as an investor and to transition current JP Morgan account (District and Water Banking Project) balances to CAMP.

A(iii). Review and Approval of District Purchasing Policy Update: Mr. Teglia provided a brief presentation regarding two proposed updates to Section IV of the District's Purchasing Policy, relating to Category 2: Construction Projects and Category 5: Sole Source procurement.

M/S/C (Borba/Spitzer) (yes-8, no-0): By unanimous vote, with President Palla absent, the Board approved the updated District Purchasing Policy as presented.

B. Budget Review and Approval of 2026 District: Staff provided an overview of the proposed 2026 District Budget. It was noted that the proposed budget was reviewed during several recent meetings of the Business and Finance Committee and that the Committee was recommending approval of the budget as presented. Following a brief discussion, the Board approved the budget as presented.

M/S/C (Antongiovanni/Tillema) (yes-8, no-0): By unanimous vote, with President Palla absent, the Board approved the 2026 District Budget as presented.

C. Approval of Resolution 2025-04 Establishing District Assessments and Setting a Public Hearing Before the Kern Delta Board of Directors – November 18, 2025: Staff provided an overview of Resolution 2025-04 which establishes the 2026 land assessments for the District and sets a Public Hearing before the Board of Directors to be held November 18, 2025.

M/S/C (Spitzer/Borba) (yes-8, no-0): By unanimous vote, with President Palla absent, the Board approved Resolution 2025-04 establishing District assessments and setting a Public Hearing before the Board of Directors to be held on November 18, 2025 as presented.

IV. OPERATIONS AND PROJECTS

A. - A(i-iv). Operations and Projects Committee Report – September 2, 2025: Assistant General Manager Bellue reported on several items, including District maintenance activities, recent encroachment permit requests, pending development projects impacting District facilities, and a status update related to the Sunset Groundwater Banking project.

B. Review and Approval of Plans and Common Use Agreement Related to Tract 6880 and the Stine & Branch II Canals – West of Gosford Road and South of Berkshire Road Extension: Staff presented the plans and Common Use Agreement for the above referenced development related to the Stine and Branch II Canals. It was noted that the Operations and Projects Committee reviewed the plans and common use agreement for Tract 6880 and recommended Board approval.

M/S/C (Spitzer/Fanucchi) (yes-8, no-0): By unanimous vote, with President Palla absent, the Board approved the plans and Common Use Agreement related to Tract 6880 and the Stine & Branch II Canals subject to final review and approval by the General Manager and General Counsel.

V. WATER RESOURCES REPORT

A. - A(i-iii). District Watermaster Report: Staff reviewed and discussed the water supplies of the District for the months of August and early September. Approximately 24,905 acre-feet of water was diverted in District during the month of August. Staff also provided information related to current precipitation totals and future forecasts. It was noted that the current SWP allocation stood at 50% and the B-120 April through July Kern River runoff forecast was at 82%.

B. Kern River Watermaster Report: The September Kern River Watermaster Report was included in the Board packet.

C. District Groundwater Manager Report: Groundwater Manager Marquez provided verbal comments supplementing graphical information regarding depth to groundwater at various monitoring locations throughout the District.

VI. MANAGER'S REPORT

A. - A(i). Verbal/SGMA Update: Mr. Teglia provided an update regarding local SGMA efforts. Mr. Teglia

noted the KRGSA recently received an update regarding KRGSA specific information from the WY2024 Annual Report. Staff referenced the slides utilized at the KRGSA meeting, which staff included in the Board packet. Staff also shared the draft resolution prepared for the Kern Subbasin SWRCB Hearing on September 17, 2025.

B. External Agency Report: Mr. Teglia provided verbal comments supplementing a memorandum included in the Board package which provided information on the meetings and activities of various external agencies. These agencies include, but are not limited to, the Kern County Water Agency, Kern Fan Authority, Kern River Watershed Coalition Authority, Kern Water Collaborative, Kern Non-Districted Land Authority, Kern River Groundwater Sustainability Agency, the South Valley Water Resources Authority, the Water Association of Kern County, and the Integrated Regional Water Management Plan.

C. Water Banking Projects Report: Mr. Teglia provided verbal comments supplementing a memorandum included in the Board package which provided information on water banking project activity on the Kern Fan as well as District water banking project activities.

VII. ATTORNEY'S REPORT

A. VAWC Legislative Update: The most recent legislative update provided by the VAWC was provided.

VIII. BOARD MEMBER COMMENTS

IX. ADJOURNMENT

There being no further business, Vice President Mendonca adjourned the meeting at approximately 3:02PM.

Respectfully Submitted,

Steven Teglia, General Manager

Approved by Board,

Richard Tillema, Board Secretary

- 6. Committee Comments**
- 7. Adjourn**

A handwritten signature in black ink, appearing to read "Bryan Duncan", with a long horizontal line extending to the right.

**Bryan Duncan
District Controller**

**Posted: Tuesday, October 14, 2025
Bakersfield, California**

Requests for disability-related modifications or accommodations, including auxiliary aids or services may be made by telephoning or contacting Madelyne Rodriguez at the District Office (661-834-4656). Please attempt to make such requests known at least 24 hours before the scheduled meeting. Pursuant to Government Code section 54957.5, any materials relating to an open session item on this agenda, distributed to the Board of Directors after the distribution of the agenda packet, will be made available for public inspection at the time of distribution at the District, 501 Taft Highway, Bakersfield, CA.

MINUTES OF THE SPECIAL MEETING OF THE BUSINESS & FINANCE COMMITTEE

Thursday, October 16, 2025

DIRECTORS PRESENT: Tillema, Garone, and Kaiser

OTHERS PRESENT: From KDWD: General Manager Teglia, Assistant General Manager Bellue, Controller Duncan, General Counsel Iger
From Citizens Trust: Doug Heal

1. CALL TO ORDER

Chair Garone called the meeting to order at 11:00 A.M.

2. PUBLIC COMMENTS

None.

3. APPROVAL OF PREVIOUS COMMITTEE MEETING MINUTES

- a. **M/S/C (Tillema/Garone) (yes – 3, no – 0):** The Business & Finance Committee approved the minutes of the Business & Finance Committee meeting held on September 11, 2025, as presented.

4. FINANCIAL REPORTS AND DISBURSEMENTS

- a.-b. Approval of September 2025 and October 2025 Disbursements and September 2025 Financial Reports.
M/S/C (Kaiser/Garone) (yes – 3, no – 0): The Business & Finance Committee recommends the Board approve the September 2025 and October 2025 District Disbursements, the October 2025 Water Banking Projects' Disbursements, the anticipated October 2025 end of month Disbursements, and the September 2025 District and Water Banking Projects' Financial Statements, Treasurer's Reports, and Delinquency Report as presented.

5. DISTRICT CONTROLLER'S REPORT

- a. Staff presented the District's Quarterly Investment Review for the 3rd Quarter of 2025.
M/S/C (Tillema/Garone) (yes – 3, no – 0): The Business & Finance Committee directs staff to invest \$6 million of the District's cash in US Treasury instruments at the most favorable yields available. \$3 million will be invested with a maturity date in February of 2028 and \$3 million will be invested with a maturity date of May 2028.
- b. Staff presented a three-year proposal for audit services from Brown Armstrong CPAs commencing with the year ending December 31, 2025.
M/S/C (Tillema/Garone) (yes – 3, no – 0): The Business & Finance Committee recommends the Board approve the three-year proposal for audit services from Brown Armstrong CPAs commencing with the year ending December 31, 2025.
- c. The Business & Finance Committee directed staff to ensure consistency between the plan documents of the District's two existing 457b Deferred Compensation Retirement Plans.

6. COMMITTEE COMMENTS

None.

7. ADJOURN

Director Antongiovanni adjourned the meeting at 12:16 P.M.

Respectfully submitted,

**Kern Delta Water District

To: Kern Delta Water District Business & Finance Committee

From: Bryan Duncan – Controller

Date: October 16, 2025

Re: Agenda Item 5b. – Quarterly Investment Review

RECOMMENDATION:

Receive report, informational only.

DISCUSSION:

The Investment Policy of Kern Delta Water District requires the District’s Treasurer to submit to the Board of Directors a quarterly investment report. In compliance with this directive the District Controller offers the following discussion and analysis of the District’s cash and cash equivalents position and performance through September 30, 2025.

A comparative overview of the District’s cash and cash equivalents position as of September 30, 2025, is shown in the following table:

	9/30/25	6/30/25	3/31/25	12/31/24
LPL Financial	\$26,179,479	\$29,285,094	\$33,646,639	\$31,542,599
CAMP/JP Morgan Funds	15,103,533	10,705,871	5,164,718	4,915,766
Kern County Treasury	1,159,035	356,056	186,179	3,213,067
Citizens Business Bank	1,505,622	1,466,652	1,444,583	3,718,594
Total	\$43,947,669	\$41,813,673	\$40,442,119	\$43,390,026

Cash and Cash Equivalents increased \$2.13 million during the third quarter. Cash collected from Water and Assessment customers, Seepage billing, and Property Taxes accounted for \$4.21 million and interest on earnings from invested cash provided an additional \$.38 million for a total of \$4.59 million. Cash disbursed for goods and services in the amount of \$1.62 million combined with \$.97 million in third quarter payrolls resulted in a total of \$2.59 million being disbursed during the quarter. The result is a positive cash flow of \$2.0 million.

LPL Financial Review:

A combined total of \$3.00 million in US Treasuries matured during the third quarter. These maturities were moved to the District's JP Morgan money market accounts due to declining yields on longer term US Treasuries during the quarter. There were no new purchases of long-term instruments during the third quarter. The District's holdings in these instruments continue to earn interest at annualized yields of 3.75% - 5.00%.

The attached "Kern Delta Water District Summary of Invested Cash Reserves" describe the nature and mix of the District's investments held at LPL Financial as of September 30, 2025.

JP Morgan/CAMP Funds Review:

The Funds previously held at JP Morgan were transferred to the California Asset Management Program (CAMP) effective September 29, 2025. The change in depositories was made to take advantage of the higher yields available from CAMP compared to JP Morgan. At the time of the move CAMP's rate of interest was 4.25% compared to 3.91% at JP Morgan, and JP Morgan's rate of interest had been slowly but steadily declining for several quarters.

Interest earned for the third quarter of 2025 was \$118,767. Excess cash made available in the normal course of operations has been directed to the JP Morgan account and will now be directed to the CAMP account. Funds held at CAMP earn interest at the rates noted.

Kern County Treasury Funds:

Shortly before the Kern County Treasury's (KCT) fiscal year ended on June 30, 2025, KCT implemented a new accounting and cash management system. Reporting from KCT has been sporadic during the third quarter, but Property Tax allocations have been updated through September 30, 2025. Interest earned on funds invested at KCT have accrued but have not yet been posted to the District's accounts/funds. Excess funds held at KCT will be moved to CAMP as soon as the new voucher is provided by KCT.

Earnings yield on funds held at KCT through June 30, 2025, was 3.41%, a decrease of fourteen basis points compared to the previous quarter. Moving the District's JP Morgan holding to CAMP increased the positive variance between depositories when compared to the 4.25% earnings rate for CAMP funds as of September 30, 2025. At the direction of the Board of Directors, staff continue to steer cash reserves away from KCT and into the higher yield money market and long-term holdings noted for the time being.

The attached "Kern County Treasurer's Pooled Cash Portfolio Summary" shows the nature and mix of investments held at KCT as of July 31, 2025. Note that the Fair Market Value of KCT funds had decreased slightly from 101.05% to 101.03% compared to June 30, 2025. It should be noted that the FMV of U.S. Treasuries and Federal Agencies, representing 76.0% of the entire KCT portfolio, is 101.2% and is, thusly, a key factor in the overall valuation of the portfolio.

It should be noted that (1) all investment actions executed since the last report have been made in full compliance with the investment policy of the District and (2) the District will meet its expenditure obligations for the next six months.

Bryan Duncan, Controller
Kern Delta Water District
501 Taft Highway
Bakersfield, California 93307

Dear Mr. Duncan:

Brown Armstrong Accountancy Corporation is pleased to propose a three-year extension amendment of our current contract to provide audit services to Kern Delta Water District for the fiscal years ending December 31, 2025, 2026, and 2027. As your current auditors, we feel we are uniquely qualified to continue to provide you with the level of service you expect from your auditors.

Fees for services under our existing contract were \$22,000 for the audit year ended December 31, 2024. We propose a not-to-exceed maximum price of \$22,880 for each of the years ending December 31, 2025, 2026, and 2027. The adjustment reflects an increased scope and in cost of living.

We have enjoyed our past relationship and look forward to continuing to serve you. If you accept this proposal, please sign the enclosed copy and return it to us in the enclosed envelope.

Please call me if I can clarify or expand on any item contained in this proposal. We appreciate the opportunity to provide you with the outstanding service you expect.

Sincerely,

**BROWN ARMSTRONG
ACCOUNTANCY CORPORATION**

Requests for disability-related modifications or accommodations, including auxiliary aids or services, may be made by telephoning or contacting Madelyne Rodriguez at the District Office (661-834-4656). Please attempt to make such requests known at least 24 hours before the scheduled meeting. Pursuant to Government Code section 54957.5, any materials relating to an open session item on this agenda, distributed to the Board of Directors after the distribution of the agenda packet, will be made available for public inspection at the time of distribution at the District, 501 Taft Highway, Bakersfield, CA.

MINUTES OF THE OPERATIONS AND PROJECTS COMMITTEE
Tuesday, October 7, 2025

DIRECTORS PRESENT: Mendonca, Spitzer and Fanucchi.

OTHERS PRESENT: From KDWD: General Manager Teglia, Assistant General Manager Bellue, District Counsel Iger, and Staff Engineer DeLeon.

1. **CALL TO ORDER:**

Director Mendonca called the meeting to order at 10:34 A.M.

2. **PUBLIC COMMENTS:**

3. **ASSISTANT GENERAL MANAGER'S REPORT:**

- a. Approve minutes of the Operations and Projects Committee Meeting of September 2, 2025: M/S/C (Spitzer/Fanucchi) (yes-3, no-0): The Committee approved the minutes of the Operations and Projects Committee meeting held on September 2, 2025.
- b. Encroachment Permit Update: Mr. Bellue presented encroachment request from the Boys and Girls Club for use of the 13 Ditch canal bank for ingress/egress for an event on October 10, 2025.
- c. District Facility and Banking Maintenance: Mr. Bellue mentioned that the Randall, Central and 14 Ditch head gates all had to be flushed to obtain tight closure, which is a common practice when flows decrease this time of year. The fuel filters and pumps on the auxiliary fuel tanks of Trucks 325, 220 and 222 had to be serviced and/or replaced last month. Fill dirt was hauled to the north bank of the 20-Foot Ditch where seepage from the canal migrated into an adjacent tailwater sump causing the sump banks to slough. The sump and canal-bank areas were dug up and recompacted to fix the seepage problem. Efforts to bring in additional dirt to raise the low spots along the north bank of the 20-Foot Ditch are ongoing. Mr. Bellue informed the committee that an abandoned fence line was removed along the Central Canal between Wilson and Planz Roads where homeless activity has increased. The fence materials and debris left behind by homeless were removed and hauled off site. Mr. Bellue mentioned that well repairs are needed for ST1, FR1, KI8 and KB1, and a weir replacement is needed in the Kern Island Canal south of Berkshire Road. These projects will be brought back to the Committee at a future date. Mr. Bellue informed the Committee that the design for the 30th Steet Screen Rebuild project was sent to two qualified contractors for quotes, which will be presented at the October 21st Board meeting for discussion.
- d. Water Banking Construction and Power Invoices: M/S/C (Fanucchi/Spitzer) (yes-3, no-0): The Committee recommended the Board approve payment of Water Banking and Power Invoices totaling \$ 17,611.78.
- e. Pending Development Projects: Mr. Bellue indicated that the pipelining of the Branch 1 Canal through the proposed Pilot Truck Stop on Taft Highway is scheduled to begin in November and the Box Culvert Extension project in the Kern Island Canal at Hosking Road is scheduled to begin in December. Mr. Bellue also mentioned that the design phase of the Casa Loma School project for Grow Public Schools, which involves pipelining a section of the East Branch Canal, is nearing completion and construction is expected to begin in December. Mr. Bellue advised the committee that the engineering design phase for pipelining the 15-Ditch through the FBT Transport property has begun.

- f. Review and Approval of Concrete Liner Project on the Eastside Canal at DiGiorgio Weir: M/S/C (Fanucchi/Spitzer) (yes–3, no–0): The Committee recommended the Board approve an agreement with UCI Construction, Inc. to construct the concrete liner in the Eastside Canal at DiGiorgio Road for an amount not to exceed \$194,167.00.
- g. Shop Remodel Update – Engineers Estimate: M/S/C (Spitzer/Fanucchi) (yes–3, no–0): The Committee recommended the Board approve this project to go out to bid.
- h. Turnout Request: Staff discussed a new turnout request on the west side of the Kern Island Canal north of McKee Road. This item will be brought back to the committee at a future date.

4. **COMMITTEE COMMENTS:**

None.

5. **ADJOURN:**

Director Mendonca adjourned the meeting at 11:44 A.M.

Respectfully submitted,

Joey Mendonca – Chair

To: Kern Delta Water District Board of Directors

From: Daniel Deleon

Date: October 21st, 2025

Re: Encroachment Permit Applications & Easement Requests

DISCUSSION:

The following are the organizations that have applied for an encroachment permit with Kern Delta Water District and a summary of their intended locations and purposes for encroaching.

Organization: Boys and Girls Club

Location: 13 Ditch Return at South "H" Street

Purpose: Temporary access along the south bank.

Anticipated Start Date: October 10th, 2025

Maintenance Report

September 2025

1. **Structure and Turnout Repairs.** The following jobs were completed during the month.
 - a. Cleaned water filter on traveling screens on the Central.
 - b. Repaired trash screen turnout #94 on the Kern Island.
 - c. Removed debris and flushed Randall head gate to get it to close.
 - d. Removed debris and flushed Central head gate.
 - e. Cut out and installed new I-beam on weir #540 on the Stine Canal
 - f. Flushed 14-Ditch head gate to get it to close.
2. **Shop.** The following jobs were completed during the month;
 - a. Normal service and repairs on District vehicles and equipment.
 - b. Replace coolant line and rear brakes on truck #216.
 - c. Replaced clearance light on truck #329.
 - d. Replaced fuel pump on service truck welder (#328).
 - e. Replaced fuel pump and filter on auxiliary tank of truck #325.
 - f. Replaced fuel filters on auxiliary tanks of trucks #220 and #222.
 - g. Rebuilt spray pumps on Kioti spray quad #207.
 - h. Replaced front and rear brakes on truck #228.
 - i. Replaced rear shocks on truck #106.
 - j. Full service/DOT inspection on truck 324 oil/filter, fuel filter, air filter, hydraulic hose, shocks, and repair air leaks.
 - k. Replaced faulty ignition switch on backhoe #402.
 - l. Replaced side-to-side rams on backhoe #404
3. **District Wells.**
 - a. Monthly service and inspection of all District wells, clean well pads as needed.
4. **Motor Grader # 403** The following canals were sloped, and roads graded;
 - a. No sloping was done this month.
5. **Backhoe # 402** The following jobs were completed this month;
 - a. Hauled dirt to the 20-Foot to raise bank near T&W Farms tailwater sump.
 - b. Hauled dirt to the Kern Island to Calcutta Dr. to repair bank erosion.
6. **Backhoe # 404** The following jobs were completed this month;
 - a. Dip the Central and 20-Foot for floating debris.
 - b. Assist with cutting trees on the Eastside Canal near Sterling Rd.
 - c. Pulled out fence post and removed fencing on the Central Canal near Planz Rd.
 - d. Hauled rip-rap off-site from pole removal on the Central Canal (LKQ area).
 - e. Dug up and collapsed leaking gopher hole on the Randall.
7. **Backhoe # 408** The following jobs were completed this month;
 - a. Loaded trash on Central from homeless encampments.
 - b. Removed tumbleweeds from the Canfield Ditch and hauled off site.

- c. Hauled dirt to the 20-Foot.
 - d. Removed turnout #50 on the Branch II.
 - e. Removed turnout #200 on the Stine Canal.
- 8. **Weed Spraying.** The following canals were sprayed during the month;
 - a. Sprayed the Farmers Canal including Smith and Judd.
 - b. Sprayed the BV Canal system.
 - c. Sprayed the Burness Ditch.
- 9. **Aquatic Treatments.** Treatments including surface spraying for algae mats and injection treatments for control of algae or vascular aquatic weeds;
 - a. Surface sprayed 18 south pond, 13 Ditch, and Randall for algae.
 - b. Drip treatment on the 13 Ditch for algae and Elodea.
- 10. **Rodent Control**
 - a. Filled bait stations throughout the District.
- 11. **Trash Removal.**
 - a. Cleaned trash racks throughout the KI system.
 - b. Removed trash left behind from homeless encampments.
- 12. **Fence Repairs.** Fences and Gates were repaired at the following locations;
 - a. Central Canal – East Branch at Union Av., P St, and Brundage Ln.
 - b. Kern Island Canal – La France Dr., McKee Rd. and the Branch 1 at Harris Rd.
 - c. Eastside Canal – Oswell and Sterling.
 - d. Farmers Canal – Seasons Dr. and Harris.
- 13. **Safety Meetings.** Weekly tailgate safety topics were;
 - a. Choices, Consequences and Responsibility- Stop and think how this will affect myself or others. Make good choices.
 - b. Reporting Unsafe Working Conditions- Involves several key steps, each plays a significant role in ensuring that the issue is addressed promptly and effectively.
 - c. Workplace Inspections-Frequent workplace inspections are a necessary safety precaution on the jobsite.
 - d. Are You Getting Enough Sleep- Lack of quality sleep can make you grumpy and foggy and can cause accidents, weight gain, and put you at risk for developing such things as heart disease, diabetes, etc..
- 14. **Water Banking Activities.** The following jobs were completed during the month;
 - a. Mowed northern 2 Buena Vista Basins.
 - b. Mowed Branch 1 Basins.
 - c. Mowed basins as needed at Romero Basins.
 - d. Spot treated basins for weeds.

15. Pending Projects

- a. Shop Repairs; Received a quote (engineer's estimate) for shop remodel project.

16. Future Projects

- a. Get quotes for well repairs;
 - a. FR-1 and ST-1 - perform pump tests
 - b. KI-8 - troubleshoot soft start issue
 - c. KB-1 - troubleshoot VFD issue
- b. Traveling Screens at DiGiorgio Weir – Received a quote for the screens and received four quotes for the structural slab and concrete liner.
- c. Kern Island Screen Rebuild at 30th Street – Plans were sent to three qualified contactors (Ruben's, Nicholas, and KPC)
- d. Kern Island Weir 3-0-601 – design is complete, get quotes to replace the metal superstructure or consider converting to fix blade.
- e. Head of Stine - extend the railroad inlet structure (screen structure) upstream for better access. City of Bakersfield provided a design and wants to partner on the project. Currently evaluating and modifying the design.

DESCRIPTION	TOTAL
Dobitz Construction is pleased to submit this proposal per your request. Work to be performed shall be: Provide all labor, tools, equipment, materials and supervision as needed to complete The Shop Bay Enclosure for Kern Delta Water District located at 501 Taft Highway in Bakersfield, CA . All work to be as per plans drawn by Skarphol/Frank Associates dated 8/12/25 and Delta 1 dated 9/15/2025. Prevailing Wage IS figured for this project. Includes all trash removal for construction waste. Includes rental of portable toilet and handwash station during construction. All work to be coordinated with Kern Delta Operations to minimize disruption of daily work. Includes the following: CONCRETE: 1) Remove sloped concrete slab in open bay. 2) GPR scan floor at existing columns to locate and protect hairpins. 3) Remove concrete slab south of open bay. 4) Place and finish new 6" slab w/ rebar, 2" sand, 10 mil poly, cont. footings w/ rebar, dowels into existing concrete and cut/cure slab control joints. 5) Place and finish approx. 1280SF apron slab w/ rebar same as slab. Match to existing	528,822.00

Re: Concrete Canal Liner Quotes for the Eastside Canal at the DiGiorgio Road Weir

RECOMMENDATION:

Staff recommend selecting the low quote from UCI to construct a structural concrete canal liner and trapezoidal transition section in the Eastside Canal at the DiGiorgio Road weir for an amount not to exceed \$194,167.00.

DISCUSSION:

District Staff reviewed the traveling water screens design provided by International Water Screens and identified the need to design a concrete lined section of canal to support the screens and channelize the flow. Staff prepared engineered plans for a U-shaped structural-concrete section of the canal to support the screens and a transitional section from trapezoidal canal shape to vertical wall (see attached plans and photographs). The U-shaped structural section was required because of the limited space on each canal bank and the need to position the trash conveyor without inhibiting through traffic on the east bank. Staff met with each contractor on-site to discuss the project and review the plans. The contractor's quotes are summarized in the table below and attached to this memo for reference.

QUOTES:

Company	Concrete Services
UCI	\$194,167.00
BMV, Inc.	\$211,380
Kern Pacific Construction	\$393,051.90
Ruben's Pipeline	\$424,437.15

GRADING NOTES:

1. ALL WORK SHALL BE DONE IN CONFORMANCE WITH KERN DELTA WATER DISTRICT REQUIREMENTS.
2. ALL GRADING AND SITE PREPARATION SHALL CONFORM TO THESE PLANS, AND THE PROJECT SPECIFICATIONS, IN AND WHICH ARE MADE A PART HEREOF.
3. THE CONTRACTOR SHALL NOTIFY THE ENGINEER 48 HOURS PRIOR TO MOBILIZATION
4. FILL MATERIAL SHALL BE SUBJECT TO APPROVAL BY THE SOILS ENGINEER.
5. THE CONTRACTOR SHALL BE RESPONSIBLE FOR GRADING WITHIN PROJECT BOUNDARIES TO WITHIN 0.0' TO +0.2' VERTICALLY AND TO WITHIN 0.5' HORIZONTALLY.
6. ALL LEVEES, ROADS, BANKS, BACKFILL OVER CULVERTS, AND BACKFILL AROUND STRUCTURES SHALL BE COMPACTED TO A MINIMUM OF 90% OF THE MAXIMUM DENSITY AS OBTAINED BY A.S.T.M. TEST METHOD D1557 UNLESS OTHERWISE SPECIFIED, WITH MOISTURE CONTENT NOT DRIER THAN ONE PERCENT OF DRY OPTIMUM.
7. THE ENGINEER SHALL EXERCISE SUFFICIENT SUPERVISORY CONTROL DURING GRADING AND CONSTRUCTION TO ENSURE COMPLIANCE WITH THE PLANS AND SPECIFICATIONS.
8. UPON COMPLETION OF GRADING, A FINAL SOILS REPORT COVERING THE SITE PREPARATION, COMPACTION TESTING AND GRADING SHALL BE SUBMITTED BY THE SOILS ENGINEER.
9. ALL CUT SLOPES SHALL NOT BE STEEPER THAN 1 HORIZONTAL TO 1 VERTICAL.
10. ALL FILL SLOPES SHALL NOT BE STEEPER THAN 2 HORIZONTAL TO 1 VERTICAL.
11. ALL FILL AREAS SHALL BE CLEARED OF ALL VEGETATION AND OTHER UNSUITABLE MATERIAL FOR A STRUCTURAL FILL AND THE AREA SCARIFIED TO A DEPTH OF 12" AND RE-COMPACTED.
12. DURING EXCAVATION, REASONABLE SEARCHING SHALL BE PERFORMED FOR CONCEALED SUBSURFACE OBSTRUCTIONS. ALL ABANDONED SUBSURFACE OBSTRUCTIONS SHALL BE REMOVED. IF THE TERMINUS OF ANY ABANDONED PIPING IS OUTSIDE THE PROJECT LIMITS, THE PIPING SHOULD BE REMOVED WITHIN THE PROJECT AND PROPERLY CAPPED AT THE PROJECT BOUNDARY.
13. THE CUT AND FILL QUANTITIES (IF SHOWN) ARE ESTIMATED AS SHOWN. NO SHRINKAGE FACTORS OR RATIOS HAVE BEEN INCLUDED. THE ENGINEER MAKES NO WARRANTY EITHER DIRECT OR IMPLIED AS TO WHAT THE ACTUAL SHRINKAGE (COMPACTION) FACTORS WILL BE. CONTRACTOR SHALL REVIEW THE CONDITIONS IN THE FIELD AND ANY OTHER RESOURCES THAT HE MAY HAVE TO ARRIVE AT HIS OWN SHRINKAGE RATIOS.
14. THE SOILS ENGINEER MUST APPROVE ALL SOIL COMPACTION INCLUDING THE STABILITY OF ALL SLOPES, BOTH THOSE THAT ARE CREATED BY AND THOSE REMAINING AFTER GRADING OPERATIONS.
15. KERN DELTA WATER DISTRICT IS NOT RESPONSIBLE FOR ANY NON-IDEAL SOIL CONDITIONS. THE CONTRACTOR IS RESPONSIBLE FOR ADHERING TO THESE PLANS AND SPECIFICATIONS REGARDLESS OF THE SOIL CONDITIONS.

REINFORCING STEEL:

1. REINFORCEMENT:
- 1.a. ALL BARS FOR REINFORCEMENT SHALL BE DEFORMED INTERMEDIATE GRADE STEEL CONFORMING TO ASTM A615 GRADE 60. WELDABLE REINFORCING STEEL SHALL CONFORM TO ASTM A706, GRADE 60.
- 1.b. ALL WIRE FOR CONCRETE REINFORCEMENT SHALL CONFORM TO ASTM A82.
- 1.c. ALL WIRE FABRIC SHALL BE IN CONFORMANCE WITH ASTM A185.
2. BENDING:
- 2.a. DO NOT BEND OR STRAIGHTEN IN ANY MANNER THAT WILL INJURE THE MATERIAL. DO NOT USE ANY BARS WITH KINKS OR BENDS NOT SHOWN ON THE DRAWINGS.
- 2.b. MAKE BENDS FOR TIES AROUND A PIN HAVING A DIAMETER NOT LESS TWICE THE MAXIMUM THICKNESS OF THE BAR. MAKE BENDS FOR OTHER BARS AROUND A PIN HAVING A DIAMETER OF AT LEAST SIX (6) TIMES THE BAR DIAMETER
3. CUTTING:
- 3.a. REBAR SHALL NOT BE CUT USING A CUTTING TORCH UNLESS THE REBAR ADHERES TO THE SPECIFICATIONS FOR WELDABLE REBAR PER ASTM A706. NON-WELDABLE REBAR SHOWING EVIDENCE OF EXPOSURE TO EXTREME HEAT SHALL BE SUBJECT TO REJECTION AT THE DISCRETION OF THE ENGINEER.
4. PLACING:
- 4.a. BEFORE THE START OF CONCRETE PLACEMENT, ACCURATELY PLACE ALL STEEL REINFORCEMENT, POSITIVELY SECURING AND SUPPORTING IT BY CONCRETE BLOCKS, METAL CHAIRS OR SPACERS, OR BY METAL HANGERS.
- 4.b. REINFORCING BARS SHALL BE STRAIGHT, EXCEPT FOR BENDS AROUND CORERS OR WHERE BENDS ARE DETAILED ON THE PLANS.
- 4.c. SPLICES IN REINFORCING STEEL SHALL BE LAPPED A MINIMUM OF FORTY (40) BAR DIAMETERS FOR #8 AND SMALLER OF 60 BAR DIAMETERS FOR #9, #10, #11 IN CONCRETE, OR 24", WHICHEVER IS GREATER.
- 4.d. REINFORCING STEEL SHALL BE IN PLACE AND SHALL BE INSPECTED AND APPROVED BY THE ENGINEER PRIOR TO PLACEMENT OF ANY CONCRETE.
- 4.e. REINFORCING STEEL SHALL BE PLACED SO THAT A MINIMUM CLEARANCE OF 2" TO CONCRETE FACE, OR 3" TO SOIL IS MAINTAINED.

CONCRETE:

1. CONCRETE, MORTAR, AND RELATED MATERIALS:
- 1.a. CONCRETE MOTAR AND RELATED MATERIALS SHALL CONFORM TO SECTION 201 OF THE STANDARD SPECIFICATIONS, AND SHALL MEET THE CRITERIA OUTLINED IN ITEM 2 BELOW (CONCRETE STRENGTH).
- 1.b. CEMENT SHALL BE IN CONFORMANCE WITH ASTM C150, TYPE II (SULFATE RESISTANT) AND SHALL BE ENTIRELY FROM ONE MANUFACTURER.
- 1.c. ALL AGGREGATE SHALL CONFORM TO THE REQUIREMENTS OF ASTM C33.
- 1.d. ALL WATER FOR CONCRETE SHALL BE CLEAN AND FREE FROM DETRIMENTAL AMOUNTS OF ACID, ALKALI, AND ORGANIC MATTER, AND SHALL BE FORM AN APPROVED WATER SUPPLY.
- 1.e. CONCRETE SHALL BE CURED AS SPECIFIED IN SECTION 303-5 OF THE STANDARD SPECIFICATIONS.
- 1.f. POZZOLAN (FLY ASH) IS NOT PERMITTED. MIXES CONTAINING ANY FLY ASH SHALL BE REJECTED.
- 1.g. AIR CONTENT SHALL BE BETWEEN 3% AND 5% AND ACHIEVED VIA APPROVED AIR ENTRAINING AD MIXTURE.
2. CONCRETE STRENGTH SHALL BE AS FOLLOWS:
- | LOCATION/TYPE | 28-DAY STRENGTH (MIN) | MIN CEMENT/YD |
|----------------------------|-----------------------|---------------|
| A) STRUCTURAL CONCRETE | 5,000 PSI | 7 SACK |
| B) REINFORCED CONCRETE | 4,000 PSI | 6 SACK |
| C) NON-REINFORCED CONCRETE | 3,000 PSI | 5.5 SAK |
3. CONTRACTOR SHALL SUBMIT A CONCRETE MIX DESIGN TO THE ENGINEER FOR REVIEW AND APPROVAL NO LESS THAN TEN (10) WORKING DAYS PRIOR TO ANY POUR USING THAT MIX. THE MIX DESIGN SUBMITTAL SHALL INCLUDE DATA SHEETS FOR ALL ADMIXTURES ADDED TO THE MIX.
4. CONCRETE SHALL BE CURED BY APPROVED MEMBRANE CURE, UNLESS OTHERWISE APPROVED BY THE ENGINEER.
5. VIBRATE ALL CONCRETE (INCLUDING SLABS ON GRADE) AS IT IS PLACED, WITH A MECHANICAL VIBRATOR OPERATED BY EXPERIENCED PERSONNEL. THE VIBRATOR SHALL BE USED TO CONSOLIDATE THE CONCRETE, NOT TRANSPORT IT. REINFORCING AND FORMS SHALL NOT BE VIBRATED.
6. CONCRETE TOLERANCES SHALL BE 0.125" UNLESS OTHERWISE APPROVED BY THE ENGINEER.
7. TESTING:
- 7.a. LABORATORY: THE DISTRICT SHALL RETAIN AND PAY FOR THE SERVICES OF A TESTING LABORATORY (ACCEPTABLE TO THE ENGINEER) WHERE SAMPLES WILL BE TESTED IN ACCORDANCE WITH THESE STRUCTURAL NOTES AND THE APPLICABLE STANDARS OF THE ASTM. THE TESTING LAB AND ENGINEER MUST BE GIVEN A MINIMUM OF 48 HOURS NOTICE PRIOR TO THE PLACING OPERATIONS.
- 7.b. FREQUENCY AND TESTING: SAMPLES FOR STRENGTH TESTS OF EACH CLASS OF CONCRETE PLACED EACH DAY SHALL BE TAKEN NOT LESS THAN ONCE A DAY, NOR LESS THAN ONCE FOR EACH 50 CUBIC YARDS OF CONCRETE, NOR LESS THAN ONCE FOR EACH 5,000 SQUARE FEET OF SURFACE AREA FOR SLABS OR WALLS. ADDITIONAL TESTING MAY BE REQUIRED FOR ANY POUR AT THE DISCRETION OF THE ENGINEER.
- 7.c. SAMPLES: MAKE A MINIMUM OF 6 TEST CYLINDERS PER MIX FOR EACH DAYS POUR.
- 7.d. TESTING OF SAMPLES: THE 6 CYLINDERS TAKEN SHALL BE TESTED AS FOLLOWS: 1 AT 7 DAYS; 1 AT 14 DAYS; AND 3 AT 28 DAYS. THE REMAINING CYLINDER SHALL BE A HOLD. ORE CYLINDERS MAY BE REQUIRED IF MORE FREQUENT EARLY TESTING IS DESIRED.
- 7.e. TEST REPORTS: A COPY OF ALL TEST REPORTS SHALL BE SUBMITTED TO THE ENGINEER.
8. STRIPPING AND BACKFILL:
- 8.a. FORMS SHALL NOT BE STRIPPED OR OTHERWISE REMOVED FROM ANY REINFORCED CONCRETE PRIOR TO 48 HOURS AFTER THE NED OF THE CONCRETE POUR UNLESS OTHERWISE APPROVED BY THE ENGINEER.
- 8.b. BACKFILL ON TOP OF OR ADJANCE TO ANY CONCRETE SHALL NOT BE PERFORMED UNILT THE CONCRETE HAS ATTAINED A MINIMUM OF 80% OF ITS DESIGN COMPRESSIVE STRENGTH, OR A COPMPRESSIVE STRENGHT DETERMINED AS ADEQUATE BY THE SOILS AND CONCRETE TESTING ENGINEER (WHICH EVER IS HIGHER), AS DETERMINED BY LABORATORY TESTING.
- 8.c. VIBRATORY COMPACTION EQUIPMENT SHALL NOT BE USED FOR BACKFILL ON TOP OF OR ADJACENT TO ANY CONCRETE.
9. CONSTRUCTION JOINTS (COLD JOINTS) MUST BE APPROVED BY THE ENGINEER. ALL CONCRETE STRUCTURES ARE PRESUMED TO BE MONOLITHIC. WHERE COLD JOINTS ARE USED, AN APPROVED PVC WATERSTOP MUSTBE USED ALONG THE ENTIRETY OF THE COLD JOINT.
10. STRUCTURAL GROUT MUST BE A NON-SHRINK HYDRAULIC GROUT WITH A MINIMUM STRENGTH GREATER THAN THAT OF THE 28 DAY STRENGTH OF THE CONCRETE IT IS BEING USED ON AND APPROVED BY THE ENGINEER. ANY POKING, CHIPS, CRACKS, OR OTHER FORM OF VOID IN PLACE OF DESIGNED CONCRETE SHALL BE INSPECTED BY THE ENGINEER PRIOR TO ANY REPAIR WORK. ANY VOID OR POKING GREATER THAT ¼" MAY BE SACKED SMOOTH, SUBJECT TO THE ENGINEER'S APPROVAL.
11. SWELLSTOP SHALL ONLY BE USED WHERE SHOWN ON THE PLANS, UNLESS OTHERWISE APPROVED BY THE ENGINEER. SWELLSTOP SHALL BE SIKA SWELLSTOP SC OR APPROVED EQUIVALENT.
12. CONTRACTOR IS RESPONSIBLE FOR ALL PROJECT-RELATED CONCRETE UNTIL PROJECT COMPLETION. THE CONTRACTOR IS RESPONSIBLE FOR ANY NECESSARY PROTECTION OF SAID CONCRETE.
13. BONDING COMPOUND/BONDING ADHESIVE SHALL BE APPLIED TO EXISTING CONCRETE IMMEDIATELY PRIOR TO POURING ANY NEW CONCRETE AGAINST IT. BONDING COMPOUND SHALL MEET OR EXCEED THE REQUIREMENTS OF ASTM C1059 TYPE I AND TYPE II.
14. CONCRETE CURING COMPOUND SHALL BE APPLIED IMMEDIATELY AFTER CONCRETE IS FINISHED FOR SLABS ON GRADE, AND IMMEDIATELY AFTER STRIPPING OF FORMS FOR WALLS AND OTHER FORMED CONCRETE. CURING COMPOUND SHALL MEET OR EXCEED THE REQUIREMENTS OF ASTM C309.
15. SAW CUTS SHALL CONFORM TO DETAIL

J

**KERN DELTA WATER DISTRICT
SERVICES CONTRACT 2025-07**

This Contract, made and entered into by and between the Kern Delta Water District, hereinafter referred to as "District" and UCI Construction, Inc. hereinafter referred to as "Contractor."

District and Contractor agree as follows:

- 1) SCOPE OF WORK: Contractor will perform concrete work on the Eastside Canal as described in Attachment A, which is attached hereto and incorporated herein by reference.
- 2) ASSIGNMENT TO CONTRACTOR: In the performance of the services requested under this Agreement, Contractor shall report to and receive written assignments from the General Manager or such other person or officer who the General Manager may designate. Contractor shall not perform any services without a written assignment from the District.
- 3) TERM: This Contract shall become effective upon execution by the District and shall terminate upon completion of the Scope of Work. District and/or Contractor may terminate this Contract for any reason with thirty (30) days written notice. In the event of termination, the District shall pay Contractor for all authorized services performed and all authorized expenses incurred to date of termination of the Contract.
- 4) COMPENSATION: Compensation under this Contract shall not exceed \$194,167.00 in total without written authorization from the District.
- 5) PAYMENTS: Charges shall be billed monthly to the District and payment by the District shall be made within 45 days of receipt of each undisputed invoice. Detailed invoices shall be submitted to the Kern Delta Water District, 501 Taft Highway, Bakersfield, CA 93307. Contractor shall keep adequate records of all services and charges to the District and make them available if requested by the District.
- 6) PREVAILING WAGE: Pursuant to Labor Code sections 1720 *et seq.* and 1770 *et seq.*, Contractor shall pay not less than the prevailing rate of per diem wages as determined by the Director of the California Department of Industrial Relations (DIR). Prevailing wage schedules for Kern County are available from the Department of Industrial Relations - Division of Labor Statistics and Research via the Internet at www.dir.ca.gov. A prevailing wage scale is also on file in the office of the District and copies may be obtained upon request. Should Contractor intend to use a craft or classification not shown on the prevailing rate determinations, Contractor may be required to pay the rate of the craft or classification most closely related to it.
- 7) DIR REGISTRATION: Contractor shall be registered pursuant to Labor Code section 1725.5.
- 8) CONTRACT DOCUMENTS: The complete agreement of the parties includes this Contract, the Scope of Work and any supplemental agreements between the District and Contractor.
- 9) INDEMNITY: To the fullest extent permitted by law, Contractor shall hold harmless, defend at its own expense, and indemnify District, its directors, officers, and employees against any and all liability, claims, losses, damages, or expenses, including reasonable attorney's fees and costs, arising from all acts or omissions of Contractor or its officers, agents, or employees in rendering

services under this contract; excluding, however, such liability, claims, losses, damages, or expenses arising from District's sole negligence or willful acts.

- 10) **INSURANCE REQUIREMENTS:** Contractor shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder and the results of that work by the Contractors, his agents, representatives, employees, or subcontractors. Coverage shall be at least as broad as the following:
- a. Commercial General Liability Insurance, including products and completed operations, property damage, bodily injury, personal and advertising injury with limit of at least two million dollars (\$2,000,000) per occurrence or the full per occurrence limits of policies available, whichever is greater. District shall be named as Additional Insured with respect to liability arising out of work or operations performed by or on behalf of the Contractors including materials, parts, or equipment furnished in connection with such work or operations. Contractor's insurance shall be primary and not contribute with any insurance maintained by District.
 - b. Auto Liability covering all owned, non-owned and hired automobiles in the amount of one million dollars (\$1,000,000) per each accident.
 - c. Workers' Compensation – as required by the State of California with Statutory Limits, and Employer's Liability insurance with a limit no less than one million dollars (\$1,000,000) per accident for bodily injury or disease.

If the Contractor maintains broader coverage and/or higher limits than the minimums shown above, the District requires and shall be entitled to the broader coverage and/or higher limits maintained by the Contractor. Any available insurance proceeds more than the specified minimum limits of insurance and coverage shall be available to the District.

The general liability policy must contain, or be endorsed to contain, the following provisions:

1. **Additional Insured Status:** District, its directors, officers, employees, and authorized volunteers are to be given insured status (at least as broad as ISO Form CG 20 10 10 01), with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts, or equipment furnished in connection with such work or operations.
2. **Primary Coverage:** For any claims related to this project, the Contractor's insurance coverage shall be primary at least as broad as ISO CG 20 01 04 13 as respects to the District, its directors, officers, employees, and authorized volunteers. Any insurance or self-insurance maintained by the District its directors, officers, employees, and authorized volunteers shall be excess of the Contractor's insurance and shall not contribute with it.

Notice of Cancellation: Each insurance policy required above shall provide that coverage shall not be canceled, except with notice to the District.

Self-Insured Retentions - Self-insured retentions must be declared to and approved by the District. The District may require the Contractor to provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention. The policy language shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or District.

Acceptability of Insurers - Insurance is to be placed with insurers having a current A.M. Best rating of no less than A: VII or as otherwise approved by District.

Verification of Coverage – Contractor shall furnish the District with certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by the District before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The District reserves the right to require complete, certified copies of all required insurance policies, including policy Declaration pages and Endorsement pages.

Subcontractors - Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure that District its directors, officers, employees, and authorized volunteers are an additional insured on Commercial General Liability Coverage.

- 11) COMPLIANCE WITH LAW; PERMITTING: Contractor will comply with all local, state, and federal regulations and statutes including Cal/OSHA requirements and its applicable guidelines to COVID-19 relating to essential work permitted by the State of California. Any permits required by governmental authorities will be obtained at Contractor's expense.
- 12) INDEPENDENT CONTRACTOR: This Agreement calls for Contractor's performance of the Scope of Work as an independent contractor. Contractor is not an agent or employee of District for any purpose and is not entitled to any of the benefits provided by District to its employees. This Agreement shall not be construed as forming a partnership or any other association with Contractor other than that of an independent contractor.
- 13) DIRECTION: Contractor retains the right to control or direct the manner in which the services described herein are performed.
- 14) EQUIPMENT: Contractor will supply all equipment, tools, materials and supplies necessary to perform the services under this Agreement.
- 15) NOTICE: Any notice or instrument required to be given or delivered by this Contract may be given or delivered by personal delivery or by depositing the same in a United States Post Office, registered or certified, postage prepaid, addressed to:

ADDITIONAL TERMS AND CONDITIONS

Contractors are required by law to be licensed and regulated by the Contractors' State License Board which has jurisdiction to investigate complaints against contractors if a complaint regarding a patent act or omission is filed within four (4) years of the date of the alleged violation. A complaint regarding a latent act or omission pertain to structural defects must be filed within 10 years of the date of alleged violation. Any questions concerning a contractor may be referred to the Registrar, Contractors' State License Board, PO Box 26000, Sacramento, CA 95826

1. Payment Terms/Interest. Unless otherwise provided above, payment in full is due and owing upon completion of the Work. All payments under the Agreement shall be paid in cash, or by cashier's or company check, or wire transfer made payable to UCI Construction. Credit terms are subject to the approval of UCI credit department. Any late payment will accrue interest on any unpaid amount at one and one-half percent (1.5%) per month, not to exceed the legal maximum rate allowed in California.
2. Limited Express Warranty. Subject to any disclosures, restrictions, limitations or waivers in the Agreement, UCI Construction warrants to customer for a period of one (1) year after the acceptance of the Work: (i) that the Work will be free from material defects not inherent in the quality required or permitted as described in the Agreement, and, (ii) that the Work shall reasonably conform with all of the requirements of the Agreement. Work not conforming to these requirements, shall be considered unacceptable and shall be corrected by Kern Asphalt in accordance with Section 2. It is agreed and understood that UCI Construction's correction of any Work under this warranty shall not extend or enlarge the original one (1) year warranty period. UCI Construction's warranty and any other responsibility under this section 2, excludes remedies for damages or defects caused by any of the following subsequent to UCIs' completion of the Work: abuse, misuse, modifications (except if performed by or on behalf of UCI Construction) improper or insufficient maintenance, and improper operation. It is agreed and understood that UCI Construction's warranty as set forth in this Section 2 or any other sections of the Agreement are void, waived and excused with respect to particular items of the work if, after completion of said Work in accordance with the Agreement, Customer fails to pay UCI Construction all of the Price owed for proper performance of said items of the Work. Notwithstanding the forgoing, UCI Construction shall be entitled to rely upon the accuracy and completeness of all services, information, surveys, and reports furnished by customer. No Descriptions other than those in the Agreement shall be deemed a warranty by description of otherwise have any legal effect. If examples were exhibited to customer, same were for general informational purposes only and shall not be deemed a warranty by sample or model or otherwise have any legal effect. The services and goods sold are in lieu of all other warranties, express or implied, including without limitation, any warranties of merchantability.
3. Insurance. Customer shall procure general liability insurance, and also a broad form of builder's risk insurance, including course of construction, vandalism, and malicious-mischief coverage. The builder's risk insurance must be in a sum at least equal to the Price, with loss payable to Customer. UCI Construction shall carry general liability insurance and worker's compensation insurance for its workers in amount reasonably determined by UCI Construction.
4. Indemnification by the Customer. To the fullest extent permitted by law, Customer shall waive any claim against UCI Construction, and shall indemnify, hold harmless and defend UCI Construction and its parent, subsidiary or affiliated organizations, administrators, agents, conservators, directors, employees, guardians, executors, independent contractor, joint ventures, members, officers, partners, predecessors, representatives, servants, stockholders, successors, and all others acting for, under, or in concert with it, including associations, corporations, joint ventures, limited liability companies, and general or limited liability partnerships, past, present, and future, of and from any and all past, present, and future accounts, actions, agreements, causes of action, claims, costs and expenses (including, but not limited to, attorney's fees and disbursements), damages, debts, demands, liabilities, losses, obligations, or reckonings of any kind or nature whatsoever, for compensatory or exemplary and punitive damages, or declaratory, equitable or injunctive relief, whether based on contract, tort, or other theories of recovery provided for by the common or statutory law, ascertained or unascertained, known or unknown, patent or latent, suspected or claimed, asserted against or suffered by UCI Construction arising out of, concerning or related in any way to the following (i) Customer's performance of its duties, obligations and responsibilities under the Agreement; or (ii) Any material, services or acts performed at or dealing with the jobsite, not solely attributable to UCI Construction's performance under the Agreement.
5. Mutual Waiver of Consequential Damages. The parties each waive any claims against and liability to one another for any consequential losses or consequential damages (collectively, "consequential damages"), sustained or incurred by the waiving party, and arising out of or in any way connected with the performance of or relating to the Agreement, which are in or relating to the Agreement, which are in excess of the price under the Agreement. The forgoing waiver is intended to act as a dollar limit on each party's potential liability to the other with respect to any such consequential damages (the "consequential damages CAP"). All covered consequential damages are subject to the consequential damages CAP, regardless of the facts upon which such consequential damages are based on the legal theories asserted or involved, and whether arising from contract, warranty negligence, negligence per se, violations of law, regulatory or statutory liability, strict liability, or otherwise, and include, without limitation, damages for losses of use, profits, business, reputation, financing or any other covered consequential losses or consequential damages sustained by the waiving party in excess of the consequential damages CAP.
6. Excused performance. UCI Construction shall not be liable to Customer for any delay or failure in performance caused by acts beyond UCI Construction's reasonable control, including without limitation, acts of God, pandemics, vandalism, sabotage, accidents, fires, floods, strikes, labor disputes, mechanical breakdown, shortages or delay in obtaining suitable parts or equipment, material, labor, or transportation, act of subcontractors, interruption of utility services, acts of any unit of government or any similar or dissimilar cause.
7. Waiver. No waiver of any of the provision of the Agreement shall be deemed or constitute a waiver of any other provision, whether or not similar, nor shall

- any waiver constitute a continuing waiver. No waiver shall be binding unless executed in writing by the party making the waiver.
8. Entire Agreement; Modification. The agreement ("this Proposal and the "Additional Terms and Conditions") constitute the entire agreement, contract and understanding of the parties and any and all prior agreements, contracts, covenants, negotiations, promises, representations, understandings or warranties, whether oral or written, express or implied, that relate to the goods sold are hereby terminated and canceled in their entirety and are of no further force to effect. No amendment, modification or revision of the Agreement shall be valid unless in writing and signed by all of the parties.
 9. Notices. Any and all notices, demands or communication required or desired to be given hereunder by any party shall be in writing and shall be validly given or made to another party if served either personally or if deposited in the United States Mail, certified or registered, postage prepaid, return receipt requested. If such notice, demand, or other communication is served personally; service shall be conclusively deemed made at the time of such personal service. If such notice, demand or other communication be given by mail, service shall be conclusively deemed given forty-eight (48) hours after the deposit thereof in the United States Mail, addressed to the person to whom such notice, demand or other communication is to be given at their respective business address of addresses. Either party may change its address for the purposes of this Section 7 by giving written notice to the parties.
 10. Attorney Fees. A party of parties shall bring an action or arbitration to enforce or interpret the Agreement, the prevailing party or parties in said action or arbitration shall be entitled to recover from the unsuccessful party or parties reasonable attorney's fees and disbursements incurred in the prosecution or defense of said litigation as determined by a court of competent jurisdiction or arbitrator(s).
 11. Covenant of Cooperation. Each party shall execute and deliver any and all additional assurances, documents, and other papers and shall do any and all acts and things reasonably necessary in connection with the performance of their duties, obligations and responsibilities under the Agreement and to carry out the intent of the parties.
 12. Governing Law; Venue. The Agreement shall be construed, enforced, and interpreted pursuant to the internal substantive law and not the law of conflicts, of the State of California, where it is to be executed and delivered. The Agreement is entered into and will be delivered in Kern County, California, and accordingly the only appropriate venue for a dispute under the Agreement is in the Kern County Superior Court, Metropolitan Division.
 13. Construction; Partial Invalidity. The Agreement shall not be construed against the part drafting it but shall be construed fairly and equitably as though it was the joint product of the parties. In the Agreement, the masculine, feminine or neuter gender, the singular or plural number shall be deemed to include the other whenever the context so requires and "shall" and "agrees" are mandatory and "may" is permissive. If any provision of the Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions shall nevertheless continue in full force without being impaired or invalidated in any way.
 14. Assignment. Neither party shall assign, grant or otherwise convey any rights inuring to the other party, or any duties, obligations or responsibilities owed by a party to the other party pursuant to the Agreement without the prior written consent of the other party.
 15. Binding Effect. The Agreement shall inure to and for the benefit of and be binding upon each party's respective parent, subsidiary or affiliates, accountants, administrators, agents assignees, attorneys, beneficiaries, conservators, directors, employees, executors, guardians, heirs, joint ventures, independent contractors, members officers, partners, predecessors, representatives, servants stockholders, successors, and all other acting for, under, or in concert with it, past, present and future.

THE AGREEMENT IS LIMITED TO THE TERMS AND CONDITIONS ABOVE AND AS SPECIFIED IN THE
ATTACHED PROPOSAL

Maintenance at Isabella

The Corps recovered a damaged submerged bulkhead at Isabella. The gate will be repaired on dry dock and stored at Isabella for installation at a later time.

DWR Annual Kern Cooperator Coordination Meeting

On September 30th, DWR was in town to conduct its annual Kern Cooperator meeting at the City Water Department. Thanks to DWR for an informative meeting and for all the great work it does. Below is the agenda.

**California Cooperative Snow Surveys
Annual Coordination Meeting Agenda
Kern Watershed
9/30/2025, 1:00PM-4:00PM PST
In-Person and on Microsoft Teams**

Item	Responsibility	Agency
Introductions	Andy	All
WY 2025 CNRFC Review	Mike Hittle, Brett Whitin	CNRFC
WY 2025 Bulletin 120 Review	SSWSFU Staff	DWR
CCSS Program Update and Discussion	Devon Eckberg	DWR
Statewide Monitoring Network Update	John King	DWR
Climate Outlook for WY 2026	Darren Bonfantine	DWR
WY 2025 Cooperator Updates and Discussion	Cooperators	Cooperators
Overview on WY 2025 ARSS Program	Jim Shannon	DWR
Staffing Update	Andy/Cooperators	DWR/All
Update on 71 st Annual Meeting on California Cooperative Snow Surveys Program	Andy/Cooperators	DWR/All

Record Keeping

I continue to coordinate with Central Records and review daily and monthly reports.

KINCAID AND KUNDE TO RECEIVE WAKC AWARDS AT 69TH ANNUAL MEETING

BAKERSFIELD, CA – The Water Association of Kern County will proudly present the Water Leader of the Year and Water Legacy Awards on Wednesday, November 5th, at its 2025 WAKC Annual Meeting to be held at Stockdale Country Club.

Every year, WAKC presents the Water Leader of the Year and the Water Legacy Awards at the Annual Meeting. The Water Leader of the Year award is given to an individual who has shown significant contributions, leadership and integrity over the past year. This year, WAKC will present the 2025 Water Leader of the Year award to Valerie Kincaid. Kincaid is a partner at Paris Kincaid Wasiewski, LLP and represents public irrigation districts, water districts, groundwater sustainability agencies, and joint powers authorities at both the administrative and judicial levels. Kincaid represents multiple Kern County water districts in various capacities. She was instrumental in the Sustainable Groundwater Management Act process and has been a key player in getting the Kern Subbasin across the finish line.

Robert Kunde is to be named as the 2025 Water Legacy Award winner. WAKC presents the Water Legacy Award to honor a recipient who spent their life working in water issues, demonstrated leadership and long-term commitment to Kern County water. Kunde is the former Engineer-Manager of the Wheeler Ridge-Maricopa Water Storage District, and is currently the District's Retired Annuitant as well as Chair of the Reservoir Committee for the Sites Reservoir Project. During his over 35 years of service, Kunde's extraordinary breadth of knowledge, meticulousness, and persistent efforts have been instrumental in the success of many significant water projects benefitting Kern County, including the Kern Water Bank and, most recently, the Sites Reservoir Project. Kunde's thoroughness, attention to detail, pragmatism, and ability to ask probing and relevant questions has made him distinguished throughout Kern County and the state.

WAKC is grateful for their service and commitment to Kern County Water. Community members can join WAKC in honoring our award winners by purchasing tickets at www.wakc.com/upcoming-events/ before October 24th.

The Water Association of Kern County is a non-profit organization designed to educate and inform the Kern County community about water issues and events. Members consist of local water districts, municipalities, agencies and affiliated groups and individuals. More information may be found at www.wakc.com.

To: Kern Delta Water District Board of Directors

From: Steven Teglia – General Manager

Date: October 21, 2025

Re: Agenda Item VI B. – External Agency Report

RECOMMENDATION:

Receive report, informational item only.

DISCUSSION:

Staff participates in / monitors multiple external agency meetings monthly. Below is a summary including items of note from the various meetings:

Kern County Water Agency:

- The KCWA Board met September 25, 2025.
- Next regular meeting will be October 23, 2025.
- Update on Water Transfers, Exchanges, and Purchases.
- Adoption of Strategic Plan – Values and Vision Statement (attached).
- Update on Delta Conveyance Activities (see schedule attached).
- Update on CVC and Pioneer Operations.
- 2025 allocation for SWP – 50%.
- Summary of groundwater and overdraft correction accounts (attached).
- New GM identified negotiating contract.

Member Unit Manager Meeting:

- The Member Unit Managers met October 9, 2025.
- Update regarding Golden Mussels.
- Water system revenue bond surcharge debt services billing project update.
- Update on Human Health & Safety Guidelines.
- SWP activities update.
- Update DWR Debt Service Billing Project.
- DWR DCP discussion.

Kern Fan Authority:

- The next meeting of the KFA is October 22, 2025.
- 2025 Water Supply.

- Review of KCWA Board agenda.
- Pioneer Project.
- Local SGMA activities.
- Other activities (IRWMP/CVSALTS).

Kern River Groundwater Sustainability Agency (KRGSA):

- The KRGSA meeting of October 2, 2025 was canceled (agenda attached).
- Basin Coordination Committee update.

Kern Non-District Land Authority (KNDLA):

- The KNDLA met September 22, 2025 (agenda attached).
- Basin Grant Administration Update
- Financial reports.
- Landowner outreach report.
- Landowner Assessment Ad Hoc.
- Kern County Participation update.
- KNDLA meeting scheduled for 4th Monday of the month.

Kern River Watershed Coalition Authority (KRWCA)(ILRP):

- The KRWCA meeting of October 2, 2025 was canceled (agenda attached).
- Kern Water Collaborative Update – Nitrate Control Program Management Zone.
- Membership Update.
- On Farm Drinking Water Well reports due Dec. 31, 2025 (BC Labs removed / BSK Labs added).
- Updates regarding the status of various reports.

South Valley Water Resources Authority:

- The SVWRA met September 19, 2025.
- Fish Friendly Diversion Demonstration Project update.
- Blueprint activity update.

Integrated Regional Water Management Plan (IRWMP):

- No recent meetings.

Water Association of Kern County (WAKC):

- WAKC met September 22, 2025.
- 2025-2026 Budget approval.
- Strategic Plan update progress report.
- Water Conservation Awareness Campaign.
- Annual Meeting November 5, 2025.

Re: Annexation No. 3 – Kern Delta Water District Request for Consent

Dear Mr. Teglia:

By letter dated August 28, 2025, Kern Delta Water District (Kern Delta) requested the Kern County Water Agency's (Agency) approval of Kern Delta Annexation No. 3 pursuant to Article 21 of Kern Delta's water supply contract with the Agency. Kern Delta Annexation No. 3 was approved by the Kern Local Agency Formation Commission on February 26, 2020. The Agency's Board of Directors approved the annexation at its August 28, 2025 meeting.

If you have any questions, please contact Chelsea Palmer at (661) 634-1455.

Sincerely,

A handwritten signature in blue ink that reads "Lauren Bauer".

MEMORANDUM

20.2.1

TO: Administrative Committee
Agenda Item No. 4

FROM: President Eric Averett

DATE: September 25, 2025

SUBJECT: Adoption of the Strategic Plan for the Kern County Water Agency

Issue:

Introduction and adoption of the Strategic Plan – Mission, Vision and Values for the Kern County Water Agency.

Recommended Motion:

Authorize the Board of Directors to adopt the Strategic Plan – Mission, Vision and Values for the Kern County Water Agency.

Discussion:

As part of the Kern County Water Agency's (Agency) strategic planning effort, the Board of Directors (Board) and staff recognized the importance of clearly articulating the Agency's long-term vision and organizational values. These foundational elements serve as a strategic framework to guide decision-making, enhance alignment across the Agency, and articulate its purpose and principles to Member Units, partners, and the public. The attached draft reflects input from the Board, staff, and stakeholders incorporating suggested edits and clarifications.

Developed through a collaborative and iterative process, the draft Vision and Values statement ensures alignment with the Agency's mission and responsiveness to the needs of Kern County. Adoption of this framework will lay a solid foundation for implementing the Agency's strategic priorities over the next five years.

Upon adoption by the Board, the Vision and Values statement will be formally integrated into the 2025–2030 Strategic Plan and will guide for the Agency's work with Member Units, partners, and the public. It will also be communicated internally to ensure that staff efforts align with the Board's direction. Additionally, the Agency will initiate a process to develop strategic goals and objectives that will guide operations and establish benchmarks for evaluating progress towards achieving the Vision.

KERN COUNTY WATER AGENCY

STRATEGIC PLAN

2025-2030

Our Mission

To assure that reliable, adequate, and affordable water supplies are available for beneficial use by the people, economy and lands of Kern County.

Our Vision

The Kern County Water Agency's (Agency) primary purpose is to serve its Member Units by securing a safe, reliable and sustainable State Water Project water supply for Kern County's economic vitality through proactive leadership, advocacy and innovative water management. The Agency will actively engage with local, state and federal partners to develop and implement forward-thinking solutions that align with and serve the collective water interests of Kern County.

KERN COUNTY WATER AGENCY

STRATEGIC PLAN

2025-2030

Our Values

1. **Honesty and Integrity.** The Agency demonstrates the highest standards of personal integrity and truthfulness in its character. In this way, the Agency inspires public confidence and trust in the organization.
2. **Transparency.** The Agency prioritizes transparency and strives to make informed decisions and maintain a reputation of openness through the active engagement of those it serves.
3. **Fiduciary Responsibility.** The Agency is committed to efficiently managing and preserving Agency resources to create value, deliver quality service and maintain accountability to those it serves.
4. **Excellence.** The Agency is committed to a culture of collaborative leadership and excellence by encouraging creativity and maintaining a high level of respect, professionalism and responsiveness.
5. **Safety & Security.** The Agency prioritizes the safety and security of its employees, facilities, water supplies and information.

 - 12. Closed Session**
 - a. Potential Litigation- Government Code Section 54956.9(d)(2)
 - 13. Adjournment**

A person with a qualifying disability under the Americans with Disabilities Act of 1990 may request the Authority provide disability-related modification or accommodation in order to participate in any public meeting of the Authority. Such assistance includes appropriate alternative formats for the agendas and agenda packets. Requests should be made in person, by telephone, facsimile and/or written correspondence to the Authority office, at least 48 hours before a public Authority meeting. Written materials related to an item on this agenda to be considered in open session that are public documents and that are distributed to board members after the posting of the agenda, will be made available for public inspection when they are so distributed at the location of the KNDLA meeting during normal business hours. Documents that are public documents provided by others during a meeting will be available at the same location during business hours after the meeting.

Re: Agenda Item VI C. – Water Banking Projects Report

RECOMMENDATION:

Receive report, informational item only.

DISCUSSION:

Below is a summary of activities of note related to various water banking projects/activities of interest to the District.

Kern Fan Recovery Activity:

- As of October 14, 2025, Kern Fan recharge was 260cfs as reported via KCWA weekly call.
- See attached graphs provided by KCWA for Kern Fan banking information as of August 31, 2025.

Pioneer Participant Meeting:

- The Pioneer Project Participants met October 9, 2025.
- Update on current operations.
- Update on the North Pioneer West Basin Weir Plan Bid Opening.
- Approval of amendment to the 2025 Pioneer Budget.
- Update on Remaining Pioneer Well Sites.
- Discussion regarding Pioneer GSA.

Kern Fan Monitoring Committee:

- The Kern Fan Monitoring Committee met July 16, 2025.
- Update on reports.
- Review of water level monitoring hydrographs.
- Next meeting January 2026.

KDWD Water Banking Project:

- MWD recently reached out to discuss the potential of banking water in the fourth quarter of 2025.

Cross Valley Canal Advisory Committee:

- The CVC Advisory Committee meeting of September 24, 2025 was canceled.
- Report on CVC operations.
- CVC Construction and Maintenance Projects.

- RFP for Engineering and Design of Input/Output Card Modernization Project for CVC Pumping Plants.
- See attached graphs provided by KCWA regarding CVC utilization.

[AB 43](#) ([Schultz, D](#)) Wild and scenic rivers.

Current Text: 09/09/2025 - Enrollment [HTML](#) [PDF](#)

Introduced: 12/02/2024

Status: 09/09/2025 - Enrolled and presented to the Governor at 3 p.m.

Location: 09/09/2025 - Assembly ENROLLED

Summary: Existing law requires the Secretary of the Natural Resources Agency to take specified actions relating to the addition of rivers or segments of rivers to the state's wild and scenic rivers system if, among other things, the federal government enacts a statute that, upon enactment, would require the removal or delisting of any river or segment of a river in the state that was included in the national wild and scenic rivers system and not in the state wild and scenic rivers system. Existing law authorizes, only until December 31, 2025, the secretary to take action under these provisions to add a river or segment of a river to the state wild and scenic rivers system. Existing law requires those actions to remain in effect until December 31, 2025, except as otherwise provided. This bill would indefinitely extend the date by which the secretary is authorized to take the specified actions relating to the addition of rivers or segments of rivers to the state's wild and scenic rivers system, as described above. The bill would also indefinitely extend the date that these actions remain in effect, except as otherwise provided. (Based on 09/05/2025 text)

[AB 93](#) ([Papan, D](#)) Water resources: data centers.

Current Text: 09/23/2025 - Enrollment [HTML](#) [PDF](#)

Introduced: 01/07/2025

Last Amended: 09/05/2025

Status: 09/23/2025 - Enrolled and presented to the Governor at 4 p.m.

Location: 09/23/2025 - Assembly ENROLLED

Summary: Existing law authorizes the legislative body of an incorporated city and the county board of supervisors to license businesses carried on within their respective jurisdictions and to set license fees, as specified. This bill would require a person who owns or operates a data center, prior to applying to a city or a county for an initial business license, equivalent instrument, or permit, to provide its water supplier, under penalty of perjury, an estimate of the expected water use. When applying to a city or county for an initial business license, the bill would require a person who owns or operates a data center to self-certify, under penalty of perjury, on the application that the person has provided its water supplier an estimate of the expected water use. When applying to a city or county for a renewal of a business license, equivalent instrument, or permit, the bill would require a person who owns or operates a data center to self-certify, under penalty of perjury, on the application, that they have provided the data center's water supplier with a report of the annual water use. By expanding the crime of perjury, the bill would impose a state-mandated local program. The bill would authorize the Department of Water Resources, as part of any efficiency standard adopted under a specified provision of law, to identify different tiers of data centers, based on factors affecting water consumption, and appropriate standards for each data tier. The bill would define terms for purposes of these provisions. This bill contains other related provisions and other existing laws. (Based on 09/15/2025 text)

[AB 149](#) ([Committee on Budget](#)) Public resources trailer bill.

Current Text: 09/17/2025 - Chaptered [HTML](#) [PDF](#)

Introduced: 01/08/2025 (Spot bill)

Last Amended: 09/09/2025

Status: 09/17/2025 - Chaptered by Secretary of State - Chapter 106, Statutes of 2025

Location: 09/17/2025 - Assembly CHAPTERED

Summary: Existing law, until January 1, 2030, generally prohibits a person from possessing, importing, shipping, or transporting in the state, or from placing, planting, or causing to be placed or planted in any water within the state, dreissenid mussels, and authorizes the Director of Fish and Wildlife or the director's designee to engage in various enforcement activities with regard to dreissenid mussels. Existing law requires any person, or federal, state, or local agency, district, or authority that owns or manages a reservoir, as defined, where recreational, boating, or fishing activities are permitted, except as specified, to develop and implement a program designed to prevent the introduction of nonnative dreissenid mussel species, as provided. Under existing law, except as otherwise provided, any violation of the Fish and Game Code, or of any rule, regulation, or order made or adopted under the code, is a crime. This bill would expand the scope of the above-described provisions relating to dreissenid mussels to instead apply to invasive mussels, defined to mean any nonnative detrimental mussel species, as provided. By expanding the scope of a crime, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. (Based on 09/17/2025 text)

[AB 263](#) ([Rogers, D](#)) Scott River: Shasta River: watersheds.

Current Text: 09/26/2025 - Chaptered [HTML](#) [PDF](#)

Introduced: 01/16/2025

Last Amended: 09/03/2025

Status: 09/26/2025 - Chaptered by Secretary of State - Chapter 130, Statutes of 2025

Location: 09/26/2025 - Assembly CHAPTERED

Summary: Existing law provides that an emergency regulation adopted by the State Water Resources Control Board following a Governor's proclamation of a state of emergency based on drought conditions, for which the board makes specified findings, may remain in effect for up to one year, as provided, and may be renewed if the board determines that specified conditions relating to precipitation are still in effect. This bill would provide that specified emergency regulations adopted by the board for the Scott River and Shasta River watersheds shall remain in effect until January 1, 2031, or until permanent rules establishing and implementing long-term instream flow requirements are adopted for those watersheds, whichever occurs first. The bill would require the board to provide annual public updates, including opportunities for public comment, on its progress toward developing permanent flow rules for the rivers, as provided. This bill would make legislative findings and declarations as to the necessity of a special statute for the Scott River and Shasta River watersheds. (Based on 09/26/2025 text)

[AB 267](#) ([Macedo, R](#)) Greenhouse Gas Reduction Fund: high-speed rail: water infrastructure and wildfire prevention.

Current Text: 01/17/2025 - Introduced [HTML](#) [PDF](#)

Introduced: 01/17/2025

Status: 05/01/2025 - Failed Deadline pursuant to Rule 61(a)(2). (Last location was TRANS. on 2/18/2025)(May be acted upon Jan 2026)

Location: 05/01/2025 - Assembly 2 YEAR

Summary: The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The act authorizes the state board to include in its regulation of those emissions the use of market-based compliance mechanisms. Existing law requires all moneys, except for fines and penalties, collected by the state board from the auction or sale of allowances as part of a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund. Existing law continuously appropriates 25% of the annual proceeds of the fund to the High-Speed Rail Authority for certain purposes. This bill would suspend the appropriation to the High-Speed Rail Authority for the 2026–27 and 2027–28 fiscal years and would instead require those amounts from moneys collected by the state board to be transferred to the General Fund. The bill would specify that the transferred amounts shall be available, upon appropriation by the Legislature, to augment funding for water infrastructure and wildfire prevention. [AB 293](#) ([Bennett, D](#)) Groundwater sustainability agency: transparency.

Current Text: 09/09/2025 - Enrollment [HTML](#) [PDF](#)

Introduced: 01/22/2025

Status: 09/09/2025 - Enrolled and presented to the Governor at 3 p.m.

Location: 09/09/2025 - Assembly ENROLLED

Summary: Existing law, the Sustainable Groundwater Management Act, requires all groundwater basins designated as high- or medium-priority basins by the Department of Water Resources to be managed under a groundwater sustainability plan or coordinated groundwater sustainability plans, except as specified. Existing law requires a groundwater sustainability plan to be developed and implemented for each medium- or high-priority basin by a groundwater sustainability agency. Existing law authorizes any local agency or combination of local agencies overlying a groundwater basin to decide to become a groundwater sustainability agency for that basin, as provided. Existing law requires members of the board of directors and the executive, as defined, of a groundwater sustainability agency to file statements of economic interests with the Fair Political Practices Commission using the commission's online system for filing statements of economic interests. This bill would require each groundwater sustainability agency to publish the membership of its board of directors on its internet website, or on the local agency's internet website, as provided. The bill would also require each groundwater sustainability agency to publish a link on its internet website or its local agency's internet website to the location on the Fair Political Practices Commission's internet website where the statements of economic interests, filed by the members of the board and executives of the agency, can be viewed. [AB 295](#) ([Macedo, R](#)) California Environmental Quality Act: environmental leadership development projects: water storage, water conveyance, and groundwater recharge projects: streamlined review.

Current Text: 01/23/2025 - Introduced [HTML](#) [PDF](#)

Introduced: 01/23/2025

Status: 05/01/2025 - Failed Deadline pursuant to Rule 61(a)(2). (Last location was NAT. RES. on 2/10/2025)(May be acted upon Jan 2026)

Location: 05/01/2025 - Assembly 2 YEAR

Summary: The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report (EIR) on a project that the lead agency proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA establishes a procedure by which a person may seek judicial review of the decision of the lead agency made pursuant to CEQA. The Jobs and Economic Improvement Through Environmental Leadership Act of 2021 authorizes the Governor, until January 1, 2032, to certify environmental leadership development projects that meet specified requirements for certain streamlining benefits related to CEQA. The act, among other things, requires a lead agency to prepare the record of proceedings for an environmental leadership development project, as provided, and to provide a specified notice within 10 days of the Governor certifying the project. The act is repealed by its own term on January 1, 2034. This bill would extend the application of the act to water storage projects, water conveyance projects, and groundwater recharge projects that provide public benefits and drought preparedness. Because a lead agency would be required to prepare the record of proceedings for water storage projects, water conveyance projects, and groundwater recharge projects pursuant to the act, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. (Based on 01/23/2025 text)

[AB 362](#) ([Ramos, D](#)) **Water policy: California tribal communities.**

Current Text: 04/21/2025 - Amended [HTML](#) [PDF](#)

Introduced: 01/30/2025

Last Amended: 04/21/2025

Status: 09/12/2025 - Failed Deadline pursuant to Rule 61(a)(14). (Last location was INACTIVE FILE on 9/10/2025)(May be acted upon Jan 2026)

Location: 09/12/2025 - Assembly 2 YEAR

Summary: The Porter-Cologne Water Quality Control Act establishes a statewide program for the control of the quality of all the waters in the state and makes certain legislative findings and declarations. Existing law defines the term "beneficial uses" for the purposes of water quality as certain waters of the state that may be protected against quality degradation, to include, among others, domestic, municipal, agricultural, and industrial supplies. This bill would add findings and declarations related to California tribal communities, as defined, and the importance of protecting tribal water use. The bill would add tribal water uses as waters of the state that may be protected against quality degradation for purposes of the defined term "beneficial uses." The bill would require any project or regulatory program subject to approval by the State Water Quality Control Board or a regional water quality control board, within a specified environmental review, and in any findings and declarations presented for state board or a regional board approval, to describe, with both quantitative and qualitative information, how the project or regulatory program will impact tribal water uses, and would require, on or before December 1, 2026, and every 2 years thereafter, the state board to publish a report on implementation of this provision on its internet website. This bill contains other related provisions and other existing laws. (Based on 04/21/2025 text)

Location: 05/23/2025 - Assembly 2 YEAR

Summary: Existing law provides that an emergency regulation adopted by the State Water Resources Control Board following a Governor's proclamation of a state of emergency based on drought conditions, for which the board makes specified findings, may remain in effect for up to one year, as provided, and may be renewed if the board determines that specified conditions relating to precipitation are still in effect. This bill would require the board, within 180 days following a finding by the board that a nonfee emergency regulation is no longer necessary, as provided, to conduct a comprehensive economic study assessing the impacts of the regulation, as specified. The bill would require the board to make the study publicly available on its internet website no later than 30 days after completion. (Based on 05/01/2025 text)

[AB 454](#) ([Kalra, D](#)) Migratory birds: California Migratory Bird Protection Act.

Current Text: 09/11/2025 - Enrollment [HTML](#) [PDF](#)

Introduced: 02/06/2025

Last Amended: 06/16/2025

Status: 09/11/2025 - Enrolled and presented to the Governor at 4 p.m.

Location: 09/11/2025 - Assembly ENROLLED

Summary: Existing federal law, the Migratory Bird Treaty Act, provides for the protection of migratory birds, as specified. The federal act also authorizes states and territories of the United States to make and enforce laws or regulations that give further protection to migratory birds, their nests, and eggs. Existing law, the California Migratory Bird Protection Act, until January 20, 2025, made unlawful the taking or possession of any migratory nongame bird designated in the federal act before January 1, 2017, any additional migratory nongame bird that may be designated in the federal act after that date, or any part of those migratory nongame birds, except as provided. Existing law, as of January 1, 2026, repeals this provision. This bill would, indefinitely, make unlawful the taking or possessing of any migratory bird, as designated in the federal act before January 1, 2025, any additional migratory birds that may be designated in the federal act after that date, or any part of those migratory birds, except as provided. This bill contains other related provisions and other existing laws. (Based on 09/08/2025 text)

Introduced: 02/10/2025

Last Amended: 09/04/2025

Status: 09/24/2025 - Enrolled and presented to the Governor at 3 p.m.

Location: 09/24/2025 - Assembly ENROLLED

Summary: Existing law governs the business of buying, selling, and dealing in secondhand and used machinery and all ferrous and nonferrous scrap metals and alloys, also known as "junk." Existing law requires junk dealers and recyclers to keep a written record of all sales and purchases made in the course of their business, including

the place and date of each sale or purchase of junk and a description of the item or items, as specified. Existing law requires the written record to include a statement indicating either that the seller of the junk is the owner of it, or the name of the person they obtained the junk from, as shown on a signed transfer document. Existing law prohibits a junk dealer or recycler from providing payment for nonferrous materials until the junk dealer or recycler obtains a copy of a valid driver's license of the seller or other specified identification. Existing law requires a junk dealer or recycler to preserve the written record for at least 2 years. Existing law makes a violation of the recordkeeping requirements a misdemeanor. This bill would require junk dealers and recyclers to include additional information in the written record, including the time and amount paid for each sale or purchase of junk made, and the name of the employee handling the transaction. The bill would revise the type of information required to be included in the description of the item or items of junk purchased or sold, as specified. The bill would require the statement referenced above indicating ownership or the name of the person from whom the seller obtained the junk from to be signed. This bill contains other related provisions and other existing laws. (Based on 09/16/2025 text)

Location: 09/11/2025 - Assembly 2 YEAR

Summary: Existing law, the Sustainable Groundwater Management Act, requires all groundwater basins designated as high- or medium-priority basins by the Department of Water Resources to be managed under a

groundwater sustainability plan or coordinated groundwater sustainability plans, except as specified. The act authorizes any local agency or combination of local agencies overlying a groundwater basin to decide to become a groundwater sustainability agency for that basin. The act deems certain agencies created by statute to manage groundwater the exclusive local agencies within their respective statutory boundaries with powers to comply with the act and authorizes these agencies to opt out of being the exclusive groundwater management agency. This bill would create the Tule East Groundwater Sustainability Agency and would establish the agency's initial boundaries. The bill would authorize the boundaries of the agency to be adjusted, as specified. The bill would require the agency to elect to be a groundwater sustainability agency under the Sustainable Groundwater Management Act for that portion of the Tule Subbasin that lies within the boundaries of the agency and would require the agency to develop and implement a groundwater sustainability plan to achieve sustainable groundwater management within the territory of the agency. The bill would generally specify the powers and purposes of the agency. The bill would prescribe the composition of the 5-member board of directors of the agency and would require members and alternates to be chosen, as specified. By imposing duties on the agency and the County of Tulare, the bill would impose a state-mandated local program. The bill would deem the Tule East Groundwater Sustainability Agency the exclusive local agency with powers to comply with the Sustainable Groundwater Management Act. This bill contains other related provisions and other existing laws. (Based on 07/18/2025 text)

Last Amended: 06/11/2025

Status: 09/11/2025 - Enrolled and presented to the Governor at 4 p.m.

Location: 09/11/2025 - Assembly ENROLLED

Summary: Existing law defines a dam to mean any artificial barrier, together with appurtenant works, that does or may impound or divert water, and meets other specified criteria. Existing law excludes from the definition a barrier that is or will be not in excess of 6 feet in height, regardless of storage capacity, or that has or will have a storage capacity not in excess of 15 acre-feet, regardless of height. Existing law requires the Department of Water Resources to supervise the construction, enlargement, alteration, repair, maintenance, operation, and removal of dams and reservoirs for the protection of life and property. This bill would additionally exclude from the definition of a dam a barrier that does not impound water above the top of a levee where maximum storage behind the barrier has a minimum of 3 feet of freeboard on the levee and is a weir, as defined, but would apply only to specified weirs named in the bill. Introduced: 02/14/2025

Status: 09/23/2025 - Enrolled and presented to the Governor at 4 p.m.

Location: 09/23/2025 - Assembly ENROLLED

Summary: Existing law, the Sustainable Groundwater Management Act, requires all groundwater basins designated as high- or medium-priority basins by the Department of Water Resources to be managed under a groundwater sustainability plan or coordinated groundwater sustainability plans, except as specified. The act requires a groundwater sustainability agency, upon adoption of a groundwater sustainability plan, to submit the groundwater sustainability plan to the department for review. If groundwater sustainability agencies develop multiple groundwater sustainability plans for a basin, the act requires, when the entire basin is covered by groundwater sustainability plans, the groundwater sustainability agencies to jointly submit to the department the groundwater sustainability plans, an explanation of how the plans satisfy specified provisions of the act, and a copy of the coordination agreement between the groundwater sustainability agencies. The act requires the department to evaluate a groundwater sustainability plan within 2 years of its submission and issue an assessment of the plan. This bill would provide that nothing in those provisions relating to making submissions to the department shall be construed to prohibit groundwater sustainability agencies that have developed multiple groundwater sustainability plans for a basin from amending the coordination agreement following department issuance of an assessment of the plans. Status: 09/11/2025 - Enrolled and presented to the Governor at 4 p.m.

Location: 09/11/2025 - Assembly ENROLLED

Summary: By Executive Order No. N-82-20, Governor Gavin Newsom directed the Natural Resources Agency to combat the biodiversity and climate crises by, among other things, establishing the California Biodiversity Collaborative and conserving at least 30% of the state's lands and coastal waters by 2030. Existing law provides that it is the goal of the state to conserve at least 30% of California's lands and coastal waters by 2030, known as the 30x30 goal. On April 22, 2022, the Natural Resources Agency issued the "Pathways to 30x30 California: Accelerating Conservation of California's Nature" report and existing law requires the Secretary of Natural Resources Agency to prepare and submit an annual report to the Legislature on progress made toward achieving

the 30x30 goal, as provided. This bill would, to further specified findings of the Pathways to 30x30 Report, require the agency to develop strategies to reduce barriers and increase support for stewardship of conserved lands. The bill would require the agency to collaborate with stakeholders, California Native American tribes, and relevant state agencies to prepare a section on stewardship as part of the 2027 annual report on progress made toward achieving the 30x30 goal, which the bill would require to include, among other things, recommendations to increase and improve stewardship of 30x30 lands, including innovative ways to reduce barriers and increase federal, state, and local support for stewardship, as specified. The bill would require the update to be posted on the agency's internet website. (Based on 09/08/2025 text)

Status: 08/29/2025 - Failed Deadline pursuant to Rule 61(a)(11). (Last location was APPR. SUSPENSE FILE on 8/18/2025)(May be acted upon Jan 2026)

Location: 08/29/2025 - Senate 2 YEAR

Summary: Existing law provides for the regulation and supervision of dams and reservoirs exclusively by the state. Under existing law, a person who violates certain provisions related to the regulation and supervision of dams and reservoirs or of any approval, order, rule, regulation, or requirement of the Department of Water Resources is guilty of a misdemeanor, as specified. This bill would prohibit the release of stored water from a reservoir owned and operated by the United States in this state if the release is done under false pretenses, which the bill would define to mean a release of water from a reservoir owned and operated by the United States in a manner that is knowingly, designedly, and intentionally under any false or fraudulent representation as to the purpose and intended use of the water. The bill would authorize the State Water Resources Control Board or the Attorney General, as provided, to bring an action for injunctive relief for a violation of the above-described prohibition. By expanding the scope of a crime, the bill would impose a state-mandated local program. This bill contains other existing laws. (Based on 06/23/2025 text)

[AB 1218](#) ([Soria, D](#)) Copper theft.

Current Text: 03/24/2025 - Amended [HTML PDF](#)

Introduced: 02/21/2025

Last Amended: 03/24/2025

Status: 05/01/2025 - Failed Deadline pursuant to Rule 61(a)(2). (Last location was PUB. S. on 3/24/2025)(May be acted upon Jan 2026)

Location: 05/01/2025 - Assembly 2 YEAR

Summary: Under existing law it is grand theft to steal copper materials valued at more than \$950. A violation of this provision is punishable either as a misdemeanor or a felony by imprisonment in county jail and specified fines. This bill would make it a crime to unlawfully possess copper materials, as specified. The bill would define what it means to “unlawfully possess” copper materials to include possessing without documentation proving lawful possession. The bill would prescribe the information that constitutes proof of lawful possession, as specified, including the identity of the seller and the date of the transaction. By expanding the scope of a crime, this bill would impose a state-mandated local program. The bill would also prohibit a person from falsifying any record intending to show proof of lawful possession. By creating a new crime, this bill would impose a state-mandated local program. Existing law prohibits any collector or dealer of metals to purchase certain junk metals, as specified, without first ascertaining that the seller legally possesses the materials. Existing law also requires the dealer to obtain evidence of the identity of the seller, including, but not limited to, the seller’s name and address. This bill would require any collector or dealer of metals to ascertain the location from which the purchased material was obtained. Existing law makes it a crime for a person who is engaged in the salvage, recycling, purchase, or sale of scrap metal to possess certain items that have been stolen or obtained by theft or extortion, as specified, and requires that the person knew or reasonably should have known that the property was stolen or failed to report possession of the items, as specified. This bill would additionally prohibit a person who is engaged in the salvage, recycling, purchase, or sale of scrap metal, as specified, from possessing certain items knowing that those items were possessed without proof of lawful possession. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that no reimbursement is required by this act for a specified reason. (Based on 03/24/2025 text)

Status: 06/05/2025 - Failed Deadline pursuant to Rule 61(a)(8). (Last location was INACTIVE FILE on 6/4/2025) (May be acted upon Jan 2026)

Location: 06/05/2025 - Assembly 2 YEAR

Summary: Under existing law, the State Water Resources Control Board and the 9 California regional water quality control boards regulate water quality and prescribe waste discharge requirements in accordance with the federal national pollutant discharge elimination system (NPDES) permit program established by the federal Clean Water Act and the Porter-Cologne Water Quality Control Act. Existing law requires each regional board to formulate and adopt water quality control plans for all areas within the region, as provided. The bill would require the state board, after making the necessary residual designation authority findings, to establish a statewide commercial, industrial, and institutional NPDES order for properties with 5 acres or more of impervious surface, as provided. The bill would require the state board to publish a draft order of the statewide order for public comment on or before December 31, 2028, or 18 months after the reissuance of a specified statewide permit, as specified. The bill would require the state board to contemporaneously establish rules for offsite compliance agreements to issue with the publication of the draft statewide order for public comment that details the necessary components of an agreement between commercial, industrial, and institutional permittees and local municipalities for achieving offsite stormwater capture and use within the adopted final statewide commercial, industrial, and institutional NPDES order. The bill would require the NPDES order to include multiple compliance options for discharges to select and comply with to be deemed in compliance with applicable water quality based effluent limitations, including, but not limited to, compliance options incentivizing green infrastructure onsite or offsite stormwater capture and use. Location: 09/23/2025 - Assembly ENROLLED

Summary: Existing law makes it unlawful to take a bird, mammal, fish, reptile, or amphibian, except as authorized by law. This bill would make it unlawful for a person in California to import, cause to be imported, export, cause to be exported, transport, sell, offer for sale, possess with the intent to sell, receive, acquire, or purchase any fish, wildlife, or plant that was taken, possessed, transported, or sold in violation of any law or statute of any state or any law, treaty, or statute of the United States with regard to fish, wildlife, or plants in effect on January 19, 2025. The bill would, upon conviction or other entry of judgment, require any seized evidence be forfeited, as specified. The bill would make these provisions inoperative on December 31, 2031, and would repeal them on January 1, 2032. This bill contains other related provisions and other existing laws. [AB 1373](#) ([Soria, D](#)) Water quality: state certification.

Current Text: 09/24/2025 - Enrollment [HTML](#) [PDF](#)

Introduced: 02/21/2025

Last Amended: 08/29/2025

Status: 09/24/2025 - Enrolled and presented to the Governor at 3 p.m.

Location: 09/24/2025 - Assembly ENROLLED

Summary: Under existing law, the State Water Resources Control Board and the California regional water quality control boards prescribe waste discharge requirements in accordance with the Federal Water Pollution Control Act and the Porter-Cologne Water Quality Control Act. Under federal law, any applicant seeking a federal license or permit for an activity that may result in any discharge into the navigable waters of the United States is required to first seek a state water quality certification, as specified. The Porter-Cologne Water Quality Control Act authorizes the state board to certify or provide a statement to a federal agency, as required pursuant to federal law, that there is reasonable assurance that an activity of any person subject to the jurisdiction of the state board will not reduce water quality below applicable standards. The federal act provides that if a state fails or refuses to act on a request for this certification within a reasonable period of time, which shall not exceed one year after receipt of the request, then the state certification requirements are waived with respect to the federal application. This bill would require the state board, if requested by the applicant within 14 days of an initial draft certification being issued, to hold a public hearing at least 21 days before taking action on an application for certification for a license to operate a hydroelectric facility, as provided. The bill would, if a public hearing is requested on the draft certification, prohibit the authority to issue a certification for a license to operate a hydroelectric facility from being delegated. The bill would authorize the state board to include in its fee schedule for hydroelectric facility applicants an amount up to the reasonable costs incurred by the state board in implementing these provisions. [AB 1413](#) ([Papan, D](#)) Sustainable Groundwater Management Act: groundwater adjudication.

Current Text: 09/02/2025 - Amended [HTML PDF](#)

Introduced: 02/21/2025 (Spot bill)

Last Amended: 09/02/2025

Status: 09/11/2025 - Failed Deadline pursuant to Rule 61(a)(14). (Last location was INACTIVE FILE on 9/9/2025) (May be acted upon Jan 2026)

Location: 09/11/2025 - Senate 2 YEAR

Summary: Existing law, the Sustainable Groundwater Management Act, requires all groundwater basins designated as high- or medium-priority basins by the Department of Water Resources to be managed under a groundwater sustainability plan or coordinated groundwater sustainability plans, except as specified. Existing law requires the department to periodically review the groundwater sustainability plans developed by groundwater sustainability agencies pursuant to the act to evaluate whether a plan conforms with specified laws and is likely to achieve the sustainability goal for the basin covered by the plan. Existing law requires a groundwater sustainability agency to evaluate its groundwater sustainability plan periodically. This bill would require a groundwater sustainability agency to, at least once every 7 years, review, and update if appropriate, its sustainable yield to ensure that the sustainable yield is based on the best available information and best available science, as defined, and will achieve sustainable groundwater management. The bill would also require a groundwater sustainability agency to provide an opportunity for public review and comment before making a determination whether to update its sustainable yield. To the extent that these requirements impose additional duties on groundwater sustainability agencies that are local agencies, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. (Based on 09/02/2025 text)

[AB 1466](#) ([Hart, D](#)) Groundwater adjudication.

Current Text: 09/23/2025 - Enrollment [HTML PDF](#)

Introduced: 02/21/2025

Last Amended: 09/04/2025

Status: 09/23/2025 - Enrolled and presented to the Governor at 4 p.m.

Location: 09/23/2025 - Assembly ENROLLED

Summary: Existing law establishes procedures for the comprehensive adjudication of groundwater rights in civil court. Under existing law, if the court finds that claims of right to extract or divert only minor quantities of water, as defined, would not have a material effect on the groundwater rights of other parties, the court may exempt those claimants from the proceedings, except as specified. Existing law further prescribes that a judgment in a comprehensive adjudication to determine rights to extract groundwater in a basin is not binding on, among others, claimants whose claims have been exempted. This bill would authorize a court, in lieu of the exemption process described above, to treat persons with claims of right to extract or divert only minor quantities of water separately from other parties to the comprehensive adjudication. The bill would require the court to hold a hearing within a specified time to determine whether to exempt or treat those claimants separately and to establish a procedure to register and administer such claims. This bill contains other related provisions and other existing laws. (Based on 09/15/2025 text)

[SB 89](#) ([Weber Pierson, D](#)) Glyphosate: prohibition on sale.**Current Text:** 02/25/2025 - Amended [HTML PDF](#)**Introduced:** 01/22/2025 (Spot bill)**Last Amended:** 02/25/2025**Status:** 05/01/2025 - Failed Deadline pursuant to Rule 61(a)(2). (Last location was E.Q. on 3/5/2025)(May be acted upon Jan 2026)**Location:** 05/01/2025 - Senate 2 YEAR

Summary: Existing law regulates the use of pesticides and authorizes the Director of Pesticide Regulation to adopt regulations to govern the possession, sale, or use of specified pesticides, as prescribed. Existing law provides that the regulation of pesticides is of statewide concern and that the state occupies the whole field of regulation regarding the registration, sale, transportation, or use of pesticides to the exclusion of all local regulation. This bill would prohibit, on and after January 1, 2028, the sale of a product that contains glyphosate in this state, except to a person or business that holds a valid license or certificate issued by the Department of Pesticide Regulation. The bill would require the department to levy a civil penalty of \$100 for each violation of this prohibition. (Based on 02/25/2025 text)

[SB 224](#) ([Hurtado, D](#)) Department of Water Resources: water supply forecasting.**Current Text:** 09/22/2025 - Enrollment [HTML PDF](#)**Introduced:** 01/27/2025**Last Amended:** 09/02/2025**Status:** 09/22/2025 - Enrolled and presented to the Governor at 11 a.m.**Location:** 09/22/2025 - Senate ENROLLED

Summary: Existing law requires the Department of Water Resources to gather and correlate information and data pertinent to an annual forecast of seasonal water crop. Existing law also requires the department to update every 5 years the plan for the orderly and coordinated control, protection, conservation, development, and use of the water resources of the state, which is known as "The California Water Plan." This bill would require the department, on or before January 1, 2027, to update its water supply forecasting models and procedures to address the effects of climate change and implement a formal policy and procedures for documenting the department's operational plans and the department's rationale for its operating procedures, including the department's rationale for water releases from reservoirs. The bill would also require the department to establish, and publish on the department's internet website, the specific criteria that it will employ to determine when its updated water supply forecasting model has demonstrated sufficient predictive capability to be ready for use in each of the watersheds. The bill would require the department, on or before January 1, 2028, and annually thereafter, to prepare and submit to the Legislature a report on its progress toward implementing the new forecasting model and to post the report on the department's internet website. The bill would also require the department, on or before January 1, 2028, and annually thereafter, to prepare and submit to the Legislature a report that explains the rationale for the department's operating procedures specific to the previous water year. Summary: Existing law generally regulates classes of insurance, including residential property insurance. Existing law requires an insurer to send various notices to a policyholder at specified intervals. Existing law imposes liability for physical invasion of privacy on a person if the person knowingly enters onto the land or into the airspace above the land of another person without permission or otherwise commits a trespass in order to capture any image or recording of the other person engaging in a private activity and the invasion occurs in a manner that is offensive to a reasonable person. This bill would make it an infraction to intentionally or knowingly operate an unmanned aircraft over or to come within either a specified distance or a distance that would interfere with the operations of a critical infrastructure facility, as defined, with specified exceptions, including that the operator is a governmental entity acting in their capacity as a regulator or the operator has the written consent of the owner or operator of the facility. The bill would make it an infraction to intentionally or knowingly operate an unmanned aircraft over or to come within either a specified distance or a distance that would interfere with the operations of specified property in the City of Sacramento in which the State Capitol is located, with specified exceptions, including if a person is acting with the express authorization of the Joint Rules Committee of the Legislature, and would require the Joint Rules Committee to establish related policies in consultation with the Department of the California Highway Patrol. By creating new crimes, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. (Based on 04/29/2025 text)

[SB 599](#) ([Caballero, D](#)) Atmospheric rivers: research: forecasting methods: experimental tools.

Current Text: 04/24/2025 - Amended [HTML](#) [PDF](#)

Introduced: 02/20/2025

Last Amended: 04/24/2025

Status: 09/11/2025 - Failed Deadline pursuant to Rule 61(a)(14). (Last location was INACTIVE FILE on 9/10/2025)(May be acted upon Jan 2026)

Location: 09/11/2025 - Assembly 2 YEAR

Summary: Existing law establishes the Atmospheric Rivers Research and Forecast Improvement Program: Enabling Climate Adaptation Through Forecast-Informed Reservoir Operations and Hazard Resiliency (AR/FIRO) Program in the Department of Water Resources. Existing law requires the department to operate reservoirs in a manner that improves flood protection, and to reoperate flood control and water storage facilities to capture water generated by atmospheric rivers. Existing law requires the department to research, develop, and implement new observations, prediction models, novel forecasting methods, and tailored decision support systems to improve predictions of atmospheric rivers and their impacts on water supply, flooding, post-wildfire debris flows, and environmental conditions. This bill would, for novel forecasting methods researched, developed, and implemented by the department, require the department to include the use of experimental tools that produce seasonal and subseasonal atmospheric river forecasts, as defined. [SB 601](#) ([Allen, D](#)) Water: waste discharge.

Current Text: 07/10/2025 - Amended [HTML](#) [PDF](#)

Introduced: 02/20/2025

Last Amended: 07/10/2025

Status: 08/28/2025 - Failed Deadline pursuant to Rule 61(a)(11). (Last location was APPR. SUSPENSE FILE on 8/20/2025)(May be acted upon Jan 2026)

Location: 08/28/2025 - Assembly 2 YEAR

Summary: Under existing law, the State Water Resources Control Board and the 9 California regional water quality control boards regulate water quality and prescribe waste discharge requirements in accordance with the Porter-Cologne Water Quality Control Act (act) and the National Pollutant Discharge Elimination System (NPDES) permit program. Under the act, the State Water Resources Control Board is authorized to adopt water quality

control plans for waters for which quality standards are required by the federal Clean Water Act, as specified, and that in the event of a conflict, those plans supersede regional water quality control plans for the same waters. This bill would authorize the state board to adopt water quality control plans for nexus waters, which the bill would define as all waters of the state that are not also navigable, except as specified. The bill would require any water quality standard that was submitted to, and approved by, or is awaiting approval by, the United States Environmental Protection Agency or the state board that applied to nexus waters as of May 24, 2023, to remain in effect, as provided. The bill would require the state board and regional boards to include nexus waters in all federal Clean Water Act processes, including, but not limited to, the California Integrated Report and the establishment of total maximum daily loads, as specified. This bill contains other related provisions and other existing laws. (Based on 07/10/2025 text)

[SB 697](#) ([Laird, D](#)) **Determination of water rights: stream system.**

Current Text: 09/09/2025 - Enrollment [HTML](#) [PDF](#)

Introduced: 02/21/2025

Last Amended: 07/03/2025

Status: 09/09/2025 - Enrolled and presented to the Governor at 2 p.m.

Location: 09/09/2025 - Senate ENROLLED

Summary: Existing law authorizes the State Water Resources Control Board to hold proceedings to determine all rights to water of a stream system whether based upon appropriation, riparian right, or other basis of right. Existing law provides various requirements for the board when determining adjudication of water rights, including, among other things, performing a detailed field investigation of a stream system, as defined, issuing an order of determination, providing notice and a hearing process, and filing a final order. This bill would revise the above-described provisions regarding the board's statutory adjudication of water rights during an investigation of a stream system to, among other things, require representatives of the board to investigate in detail the use of water with the authority, but no requirement, to conduct a field investigation, authorize the board, if the board determines that the information provided by the person, as specified, is inadequate, to issue information orders that require claimants to submit reports of water use from the stream system through a form provided by the board, and require claimants to respond to that order within 75 days of the date of issuance by the board. This bill contains other related provisions and other existing laws. (Based on 09/04/2025 text)
